AS and A Level Specification

Modern Hebrew

For exams from June 2014 onwards

For certification from June 2014 onwards

רונית רוזן היא עיתונאית בעיתון המקומי של חיפה. הפגנה, תערוכה חדשה, פתיחת מרכז רפואי, ישיבות בעירייה- אלה רק כמה מהנושאים שרונית כותבת עליהם.

רונית אוהבת את העבודה שלה. היא טוענת, שבמדינה דמוקרטית יש לעיתונות תפקיד חשוב. היא יודעת שלדעת הקהל יש הרבה כוח והשפעה. הביקורת הציבורית יכולה לשנות החלטות ותוכניות של פוליטיקאים בנושאים הקשורים לציבור. רונית מאמינה, שזכות הציבור לדעת, ולכן הוא זקוק למידע נכון כדי לפעול ולהגיב.

לפני הבחירות ראינה רונית אנשים העובדים בעירייה וקשורים לפוליטיקה. היא בדקה את דעת- הקהל וכתבה על המועמדים. הם התווכחו וצעקו, והיא כתבה.

1 Introduction

1

1.1 Why choose AQA?

It's a fact that AQA is the UK's favourite exam board and more students receive their academic qualifications from AQA than from any other board. But why does AQA continue to be so popular?

- **Specifications**

Ours are designed to the highest standards, so teachers, students and their parents can be confident that an AQA award provides an accurate measure of a student's achievements. And the assessment structures have been designed to achieve a balance between rigour, reliability and demands on candidates.

- **Support**

AQA runs the most extensive programme of support meetings; free of charge in the first years of a new specification and at a very reasonable cost thereafter. These support meetings explain the specification and suggest practical teaching strategies and approaches that really work.

- **Service**

We are committed to providing an efficient and effective service and we are at the end of the phone when you need to speak to a person about an important issue. We will always try to resolve issues the first time you contact us but, should that not be possible, we will always come back to you (by telephone, email or letter) and keep working with you to find the solution.

- **Ethics**

AQA is a registered charity. We have no shareholders to pay. We exist solely for the good of education in the UK. Any surplus income is ploughed back into educational research and our service to you, our customers. We don't profit from education, you do.

If you are an existing customer then we thank you for your support. If you are thinking of moving to AQA then we look forward to welcoming you.

1.2 Why choose Modern Hebrew?

- To enable students to develop and build on the skills acquired at GCSE.
- To enhance employment prospects.
- To facilitate foreign travel.
- To provide an insight into another culture and society.
- To provide students with a sound basis for further study.

1.3 How do I start using this specification?

Already using the existing AQA Modern Hebrew specification?

- Register to receive further information, such as mark schemes, past question papers, details of teacher support meetings, etc, at **<http://www.aqa.org.uk/rn/askaqa.php>**
Information will be available electronically or in print, for your convenience.
- Tell us that you intend to enter candidates. Then we can make sure that you receive all the material you need for the examinations. This is particularly important where examination material is issued before the final entry deadline. You can let us know by completing the appropriate Intention to Enter and Estimated Entry forms. We will send copies to your Exams Officer and they are also available on our website
http://www.aqa.org.uk/admin/p_entries.html

Not using the AQA specification currently?

- Almost all centres in England and Wales use AQA or have used AQA in the past and are approved AQA centres. A small minority are not. If your centre is new to AQA, please contact our centre approval team at **centreapproval@aqa.org.uk**

4 Scheme of Assessment

4.1 Aims

AS and A Level courses based on this specification should encourage candidates to:

- develop an interest in, and enthusiasm for, language learning
- develop understanding of the language in a variety of contexts and genres
- communicate confidently, clearly and effectively in the language for a range of purposes
- develop awareness and understanding of the contemporary society, cultural background and heritage of countries or communities where the language is spoken
- consider their study of the language in a broader context.

AS and A Level specifications in Modern Hebrew should enable students to:

- derive enjoyment and benefit from language learning
- acquire knowledge, skills and understanding for practical use, further study and/or employment
- communicate with speakers of the language
- take their place in a multilingual global society.

AS and A Level specifications should also:

- provide a coherent, satisfying and worthwhile course of study for students who do not progress to further study in the subject.

In addition, A Level specifications in Modern Hebrew should:

- provide a sufficient basis for the further study of languages at degree level or equivalent.

4.2 Assessment Objectives (AOs)

The Assessment Objectives are common to AS and A Level. The assessment units will assess the following Assessment Objectives in the context of the content and skills set out in Section 3 (Subject Content).

AO2 Understand and respond, in speech[†] and writing, to written language.

AO3 Show knowledge of and apply accurately the grammar and syntax prescribed in the specification.

[†]Study through spoken sources and response in speech does not apply to this specification.

Quality of Written Communication (QWC)

In GCE specifications which require candidates to produce written material in English, candidates must:

- ensure that text is legible and that spelling, punctuation and grammar are accurate so that meaning is clear
- select and use a form and style of writing appropriate to purpose and to complex subject matter
- organise information clearly and coherently, using specialist vocabulary when appropriate.

In this specification QWC will be assessed in unit 1 by means of the transfer of meaning task.

Weighting of Assessment Objectives for AS

The table below shows the approximate weighting of each of the Assessment Objectives in the AS unit.

Assessment Objectives	Unit Weightings (%)	Overall Weighting of AOs (%)
	Unit 1	
AO2	75	75
AO3	25	25
Overall weighting of units (%)	100	100

Weighting of Assessment Objectives for A Level

The table below shows the approximate weighting of each of the Assessment Objectives in the A Level units.

Assessment Objectives	Unit Weightings (%)		Overall Weighting of AOs (%)
	Unit 1	Unit 2	
AO2	37.5	37.5	75
AO3	12.5	12.5	25
Overall weighting of units (%)	50	50	100

4.3 National Criteria

This specification complies with the following.

- The Subject Criteria for Modern Foreign Languages
- The Code of Practice for GCE
- The GCE AS and A Level Qualification Criteria
- The Arrangements for the Statutory Regulation of External Qualifications in England, Wales and Northern Ireland: Common Criteria

4.4 Prior Learning

We recommend that candidates should have acquired the skills and knowledge associated with a GCSE Modern Hebrew course or equivalent.

However, any requirements set for entry to a course following this specification are at the discretion of centres.

4.5 Synoptic Assessment and Stretch and Challenge

Synoptic assessment in Modern Hebrew is assessed in the A2 unit by tasks which require candidates to demonstrate understanding and the ability to use advanced level language skills. These tasks draw on both A Level Assessment Objectives. The requirement

that Stretch and Challenge is included at A2 is met by the application of marking criteria which enable differentiation by outcome rather than only by task.

4.6 Access to Assessment for Disabled Students

AS/A Levels often require assessment of a broader range of competences. This is because they are general qualifications and, as such, prepare candidates for a wide range of occupations and higher level courses.

The revised AS/A Level qualification and subject criteria were reviewed to identify whether any of the competences required by the subject presented a potential barrier to any disabled candidates. If this was the case, the situation was reviewed again to ensure that such competences were included only where essential to the subject. The findings of this process were discussed with disability groups and with disabled people.

Reasonable adjustments are made for disabled candidates in order to enable them to access the assessments. For this reason, very few candidates

will have a complete barrier to any part of the assessment.

Candidates who are still unable to access a significant part of the assessment, even after exploring all possibilities through reasonable adjustments, may still be able to receive an award. They would be given a grade on the parts of the assessment they have taken and there would be an indication on their certificate that not all the competences had been addressed. A Level Modern Hebrew requires assessment of the skills of reading and writing. Some candidates may have difficulty in accessing aspects of the assessment, where reasonable adjustments cannot be applied, as follows:

- Reading – some candidates with a visual impairment who cannot read Braille.

This will be kept under review and may be amended in the future.

5 Administration

5.1 Availability of Assessment Units and Certification

After June 2013, examinations and certification for this specification are available in June only.

5.2 Entries

Please refer to the current version of *Entry Procedures and Codes* for up to date entry procedures. You should use the following entry codes for the units and for certification.

Unit 1 - MHEB1

Unit 2 - MHEB2

AS certification - 1676

A Level certification - 2676

5.3 Private Candidates

This specification is available to private candidates. As we will no longer be producing supplementary guidance, see our website for guidance and information on taking exams and assessments as a private candidate:

www.aqa.org.uk/exams-administration/entries/private-candidates

5.4 Access Arrangements and Special Consideration

We have taken note of equality and discrimination legislation and the interests of minority groups in developing and administering this specification.

We follow the guidelines in the Joint Council for Qualifications (JCQ) document: *Access Arrangements, Reasonable Adjustments and Special Consideration: General and Vocational Qualifications*. This is published on the JCQ website (<http://www.jcq.org.uk>) or you can follow the link from our website (<http://www.aqa.org.uk>).

Access Arrangements

We can make arrangements so that candidates with disabilities can access the assessment. These arrangements must be made **before** the examination. For example, we can produce a Braille paper for a candidate with a visual impairment.

Special Consideration

We can give special consideration to candidates who have had a temporary illness, injury or indisposition at the time of the examination. Where we do this, it is given **after** the examination.

Applications for access arrangements and special consideration should be submitted to AQA by the Examinations Officer at the centre.

5.5 Language of Examinations

We will provide units in English only.

5.6 Qualification Titles

Qualifications based on this specification are:

- AQA Advanced Subsidiary GCE in Modern Hebrew, and
- AQA Advanced Level GCE in Modern Hebrew.

5.7 Awarding Grades and Reporting Results

The AS qualification will be graded on a five-point scale: A, B, C, D and E. The full A Level qualification will be graded on a six-point scale: A*, A, B, C, D and E. To be awarded an A*, candidates will need to achieve a grade A on the full A Level qualification and an A* on the aggregate of the A2 units.

For AS and A Level, candidates who fail to reach the minimum standard for grade E will be recorded as U (unclassified) and will not receive a qualification certificate. Individual assessment unit results will be certificated.

5.8 Re-sits and Shelf-life of Unit Results

Unit results remain available to count towards certification, whether or not they have already been used, as long as the specification is still valid.

Each unit is available in June only. Candidates may re-sit a unit any number of times within the shelf-life of the specification. The best result for each unit will count towards the final qualification. Candidates

who wish to repeat a qualification may do so by re-taking one or more units. The appropriate subject award entry, as well as the unit entry/entries, must be submitted in order to be awarded a new subject grade.

Candidates will be graded on the basis of the work submitted for assessment.

Appendices

A Performance Descriptions

These performance descriptions show the level of attainment characteristic of the grade boundaries at A Level. They give a general indication of the required learning outcomes at the A/B and E/U boundaries at AS and A2. The descriptions should be interpreted in relation to the content outlined in the specification; they are not designed to define that content.

The grade awarded will depend in practice upon the extent to which the candidate has met the Assessment Objectives (see Section 4) overall. Shortcomings in some aspects of the examination may be balanced by better performances in others.

B Spiritual, Moral, Ethical, Social and other Issues

The study of Modern Hebrew provides many opportunities to develop candidates' understanding of spiritual, moral and cultural issues.

Through the study of the topic areas for Modern Hebrew, candidates are able to explore the human condition in general. The content of the course encourages understanding of moral issues: candidates will face challenge in debate and study which will foster recognition and sympathetic awareness of others' beliefs and values.

Throughout the course candidates will be encouraged to form opinions and make judgements within the appropriate context, be these historical or contemporary, ethnic or religious.

The topics Contemporary Society, Environment and Citizenship and the International Context would contribute to candidates' understanding of these issues.

European Dimension

AQA has taken account of the 1988 Resolution of the Council of the European Community in preparing this specification and associated specimen units.

Environmental Education

AQA has taken account of the 1988 Resolution of the Council of the European Community and the Report "Environmental Responsibility: An Agenda for Further and Higher Education" 1993 in preparing this specification and associated specimen units.

The topic Environment and Citizenship would contribute to candidates' understanding of environmental issues.

Avoidance of Bias

AQA has taken great care in the preparation of this specification and specimen units to avoid bias of any kind.

C Overlaps with other Qualifications

There are no overlaps with other qualifications at Level 3 of the qualifications framework.

D Key Skills

Key Skills qualifications have been phased out and replaced by Functional Skills qualifications in English, Mathematics and ICT from September 2010.
