## 1.1 Why choose AQA for AS Spanish

You can find out about all our Spanish qualifications at [aqa.org.uk/spanish](http://aqa.org.uk/spanish)

### Specifications designed for you and your students

We have worked with teachers and universities to design stimulating content to enable students to develop their linguistic skills alongside their understanding of the culture and society of the countries where Spanish is spoken.

We've selected a broad area of study and prescribed certain aspects for closer examination.

Students will study technological and social change. They will study highlights of Hispanic artistic culture, including a focus on Spanish regional identity and the cultural heritage of past civilisations.

Students will explore the influence of the past on present-day Spanish-speaking communities. Throughout their studies, they will learn the language in the context of Spanish-speaking countries and the issues and influences which have shaped them. Students will study a text or a film.

Assessment tasks will be varied and cover listening, speaking, reading and writing skills.

# 3 Subject content

The AS specification builds on the knowledge, understanding and skills gained at GCSE. It constitutes an integrated study with a focus on language, culture and society. It fosters a range of transferable skills, including communication, critical thinking and creativity, which are valuable to the individual and to society. The content has been designed to be of relevance to students of all disciplines, whether they want to progress to A-level or not.

Students will develop their understanding of themes relating to the society and culture of the country or countries where Spanish is spoken, and their language skills; they will do this by using authentic spoken and written sources in Spanish.

The approach is a focus on how Spanish-speaking society has been shaped, socially and culturally, and how it continues to change. Students study aspects of the social context together with aspects of the artistic life of Spanish-speaking countries.

Students following this specification will develop their language knowledge, understanding and skills through:

- using language spontaneously to initiate communication; ask and answer questions; express thoughts and feelings; present viewpoints; develop arguments; persuade; and analyse and evaluate in speech and writing, including interaction with speakers of Spanish
- applying knowledge of pronunciation, morphology and syntax, vocabulary and idiom to communicate accurately and coherently, using a range of expression – including the list of grammar in this specification
- using language-learning skills and strategies, including communication strategies such as adjusting the message, circumlocution, self-correction and repair strategies
- listening and responding to spoken passages including some extended passages from a range of different contexts and sources, adapted as necessary, covering different registers and types, including authentic communication involving one or more speakers
- reading and responding to a variety of texts including some extended texts written for different purposes and audiences drawn from a range of authentic sources, including contemporary, historical and literary, fiction and non-fiction texts, adapted as necessary
- understanding the main points, gist and detail from spoken and written material
- inferring meaning from complex spoken and written material, including factual and abstract content
- assimilating and using information from spoken and written sources, including material from online media
- summarising information from spoken and written sources, reporting key points and subject matter in speech and writing
- translating an unseen passage from Spanish into English
- translating unseen sentences from English into Spanish.

Students must also study one book or film from the lists in this specification. They must know, understand and be able to respond critically in writing in Spanish to the work they have studied. Their knowledge and understanding must include a critical response to aspects such as the structure of the plot, characterisation, and the use of imagery or other stylistic features as appropriate to the work studied.

# 4 Scheme of assessment

---

Find past papers and mark schemes, and specimen papers for new courses, on our website at [aqa.org.uk/pastpapers](http://aqa.org.uk/pastpapers)

This specification is designed to be taken over one or two years.

This is a linear qualification. In order to achieve the award, students must complete all assessments at the end of the course and in the same series.

AS exams and certification for this specification are available for the first time in May/June 2017 and then every May/June for the life of the specification.

All materials are available in English only.

Our AS exams in Spanish include questions that allow students to demonstrate their ability to:

- draw together their knowledge, skills and understanding from across the full course of study
- provide extended responses.

## 4.1 Aims

Courses based on this specification should encourage students to:

- enhance their linguistic skills and promote and develop their capacity for critical thinking on the basis of their knowledge and understanding of the language, culture and society of the country or countries where the language is spoken
- develop control of the language system to convey meaning, using spoken and written skills, including an extended range of vocabulary, for both practical and intellectual purposes as increasingly confident, accurate and independent users of the language
- develop their ability to interact effectively with users of the language in speech and in writing, including through online media
- develop language learning skills and strategies, including communication strategies to sustain communication and build fluency and confidence
- engage critically with intellectually stimulating texts, films and other materials in the original language, developing an appreciation of sophisticated and creative uses of the language and understanding them within their cultural and social context
- develop knowledge about matters central to the society and culture, past and present, of the country or countries where the language is spoken
- mediate between cultures and between speakers of the language and speakers of English
- foster their ability to learn other languages
- equip themselves with transferable skills such as autonomy, resourcefulness, creativity, critical thinking, and linguistic, cultural and cognitive flexibility that will enable them to proceed to further study or to employment.

## 4.2 Assessment objectives

Assessment objectives (AOs) are set by Ofqual and are the same across all AS Spanish specifications and all exam boards.

The exams will measure how students have achieved the following assessment objectives.

- AO1: Understand and respond:
  - in speech to spoken language including face-to-face interaction
  - in writing to spoken language drawn from a variety of sources.
- AO2: Understand and respond:
  - in speech to written language drawn from a variety of sources
  - in writing to written language drawn from a variety of sources.
- AO3: Manipulate the language accurately, in spoken and written forms, using a range of lexis and structure.
- AO4: Show knowledge and understanding of, and respond critically to, different aspects of the culture and society of countries/communities where the language is spoken.

Across assessment objectives AO1 and AO2, no more than 10 % of the total marks for the qualification may be used for responses in English, including translation into English.

### Assessment objective weightings for AS Spanish

Assessment objectives (AOs)	Component weightings (approx %)			Overall weighting (approx %)
	Paper 1	Paper 2	Paper 3	
AO1	15	0	5	20
AO2	25	0	5	30
AO3	5	15	10	30
AO4	0	10	10	20
Overall weighting of components	45	25	30	100

## 4.3 Assessment weightings

The marks awarded on the papers will be scaled to meet the weighting of the components. Students' final marks will be calculated by adding together the scaled marks for each component. Grade boundaries will be set using this total scaled mark. The scaling and total scaled marks are shown in the table below.

Component	Maximum raw mark	Scaling factor	Maximum scaled mark
Paper 1: Listening, reading and writing	90	x1	90
Paper 2: Writing	50	x1	50
Paper 3: Speaking	60	x1	60
Total scaled mark:			200

## 4.4 Paper 1: Listening, Reading and Writing

Duration: 1 hour 45 minutes; total raw mark: 90

### Listening and responding

Students will listen to spoken passages from a range of contexts and sources, covering different registers and types. The content of the passages will be based on the themes and sub-themes in this specification.

Questions will target main points, gist and detail and will require either non-verbal responses or responses in Spanish. Questions will include the need to infer meaning and will include abstract material such as opinions, views, emotional reactions and personal experiences.

For one question students will need to summarise in Spanish what they have understood from the passage they have heard and marks will be awarded for the quality of Spanish used. Students must write in full sentences and use their own words as far as possible in this question.

In the remaining questions requiring a response in Spanish, students should give only the information required by the question.

Across the passages for listening, reference will be made to at least two Spanish-speaking countries other than Spain.

At least one passage will involve more than one speaker. Passages will be studio recorded and provided to schools and colleges. Students will have individual control of the recording. The language and delivery of the recorded material will reflect its content and context.

### Reading and responding

Students will read a range of stimulus texts adapted from authentic sources, including online sources. Texts will include contemporary and historical material and will cover non-fiction and literary fiction. The content of the stimulus texts will be based on the themes and sub-themes in this specification, except in the case of literary texts where the context may fall outside of these themes and sub-themes.

Questions will target main points, gist and detail and will require either non-verbal responses or responses in Spanish. Questions will include the need to infer meaning and abstract material such as opinions, views, emotional reactions and personal experiences will be tested.

For one question students will need to summarise in Spanish what they have understood from the stimulus text they have read and marks will be awarded for the quality of Spanish used. Students must write in full sentences and use their own words as far as possible in this question.

In the remaining questions requiring a response in Spanish, students should give only the information required by the question.

Across the stimulus texts for reading, reference will be made to at least two Spanish-speaking countries other than Spain.

## Assessment

In questions requiring a summary, the marks for content (AO1 or AO2) and language (AO3) are awarded independently.

Long summaries will be marked for content (AO1 or AO2) or language (AO3) until the first natural break (usually the end of a sentence or main clause) between 70 and 80 words. Short summaries are not subject to an automatic penalty but in practice are unlikely to include all the required content points and will therefore be self-penalising.

The AO1 or AO2 mark is awarded for a response which conveys the required information regardless of whether that response is expressed in the student's own words, or is partly or wholly lifted from the recording or text. However, no AO1 or AO2 mark will be awarded for a content point where the student includes irrelevant material or copies inappropriately from the stimulus, eg by 'lifting' an element from the original which does not match the phrasing of the bullet point. Examples of this are in the specimen mark scheme. 'Lifted' language will not be eligible for credit when the AO3 mark is awarded.

In comprehension questions with no AO3 marks, where the natural answer to a question consists entirely or partly of words or phrases from the recording or text, students may use that material without rephrasing it. Minor spelling errors which do not distort the meaning will be tolerated. However, the AO1 or AO2 mark will not be awarded for a response in which the student includes irrelevant material or copies inappropriately from the stimulus, eg by 'lifting' an element from the original which does not match the phrasing of the question set. Examples of this are in the specimen mark scheme.

## Translation

Students will translate a passage of at least 70 words from Spanish into English. The content will be based on the themes and sub-themes in this specification.

No dictionaries are allowed in this exam.

## 4.5 Paper 2: Writing

Duration: 1 hour 30 minutes; total raw mark: 50

Students will translate sentences amounting to at least 70 words from English into Spanish. The content will be based on the themes and sub-themes in this specification and students will be provided with a supporting text in Spanish containing some of the vocabulary and structures which they will need for the translation.

Students will answer one essay question in Spanish on the book or film which they have studied. Students will have a choice of question on each book and film. All questions will be in Spanish and will require a critical response. All questions will include bullet-pointed suggestions as to what students might cover in their answer. The bullet points will be optional.

Students will be advised to write approximately 250 words. Everything that students write will be marked; there is no word limit. Students writing the recommended number of words will have access to the full range of marks.

No dictionaries are allowed in this exam.

Access to the books and films is not allowed in this exam.

## 4.6 Paper 3 Speaking

Duration: 12–14 minutes plus 15 minutes supervised preparation time; total raw mark: 60

Students will discuss two sub-themes from those in this specification. The teacher-examiner will give the student two cards from one sub-theme and the student will choose one of these two cards. The teacher-examiner will also give the student two further cards, one from each of two sub-themes from the other theme. The student will choose one from these two cards.

The chosen stimulus cards will form the basis for the discussions. The content of each card will be based on one of the sub-themes in this specification. Cards will contain images, text and three questions. The teacher examiner will ask the student the questions during the discussion. The student will have 15 minutes supervised preparation time to prepare the cards. The student may make notes during this time and refer to them during the test.

The student should prepare one question on each card to ask the teacher-examiner during the test. The question should arise from the material on the card.

To meet the requirement to ask questions, students must seek information or an opinion. Asking for repetition or clarification will not meet the requirement. The student's questions must contain a conjugated verb. Rephrasing or repetition of the printed questions will not meet the requirement. Sample questions are shown in the specimen mark scheme.

Speaking assessments will be conducted by either the school or college or a visiting examiner. All assessments must be recorded and a complete and unedited audio recording made available to AQA.

All assessments will be marked by an AQA examiner.

A five-week window will be timetabled during April and May. All assessments must be conducted within this period.

Teachers conducting the assessments can open the assessment material up to two working days before the assessment window opens in order to prepare for conducting the tests.

Detailed instructions for the teacher will be issued before the test period. Online training materials will also be available to ensure that teachers are familiar with the requirements of the assessments.

The confidentiality of the assessment materials must be strictly maintained before and during the period of the assessments.

Access to dictionaries is not permitted at any time during the assessment or preparation time.

Students' notes should be stored securely in the centre until results day.

# 5 General administration

You can find information about all aspects of administration, as well as all the forms you need, at [aqa.org.uk/examsadmin](http://aqa.org.uk/examsadmin)

## 5.1 Entries and codes

You only need to make one entry for each qualification – this will cover all the question papers, non-exam assessment and certification.

Every specification is given a national discount (classification) code by the Department for Education (DfE), which indicates its subject area.

If a student takes two specifications with the same discount code, further and higher education providers are likely to take the view that they have only achieved one of the two qualifications. Please check this before your students start their course.

Qualification title	Option	AQA entry code	DfE discount code
AQA Advanced Subsidiary GCE in Spanish	7691T 7691V	7691	FKS (14–16); 5750 (post-16)

This specification complies with:

- Ofqual *General conditions of recognition* that apply to all regulated qualifications
- Ofqual GCE qualification level conditions that apply to all GCEs
- Ofqual GCE subject level conditions that apply to all GCEs in this subject
- all other relevant regulatory documents.

The Ofqual qualification accreditation number (QAN) is 601/8730/X.

## 5.2 Overlaps with other qualifications

There is overlapping content in the AS and A-level Spanish specifications. This helps you teach the AS and A-level together.

## 5.3 Awarding grades and reporting results

The AS qualification will be graded on a five-point scale: A, B, C, D and E.

Students who fail to reach the minimum standard for grade E will be recorded as U (unclassified) and will not receive a qualification certificate.

## 5.4 Re-sits and shelf life

Students can re-sit the qualification as many times as they wish, within the shelf life of the qualification.

## 5.5 Previous learning and prerequisites

There are no previous learning requirements. Any requirements for entry to a course based on this specification are at the discretion of schools and colleges.

However, we recommend that students should have the skills and knowledge associated with a GCSE Spanish course or equivalent.

## 5.6 Access to assessment: diversity and inclusion

General qualifications are designed to prepare students for a wide range of occupations and further study. Therefore our qualifications must assess a wide range of competences.

The subject criteria have been assessed to see if any of the skills or knowledge required present any possible difficulty to any students, whatever their ethnic background, religion, sex, age, disability or sexuality. If any difficulties were encountered, the criteria were reviewed again to make sure that tests of specific competences were only included if they were important to the subject.

As members of the Joint Council for Qualifications (JCQ) we participate in the production of the JCQ document *Access Arrangements and Reasonable Adjustments: General and Vocational qualifications*. We follow these guidelines when assessing the needs of individual students who may require an access arrangement or reasonable adjustment. This document is published on the JCQ website at [jcq.org.uk](http://jcq.org.uk)

### 5.6.1 Students with disabilities and special needs

We can make arrangements for disabled students and students with special needs to help them access the assessments, as long as the competences being tested are not changed. Access arrangements must be agreed **before** the assessment. For example, a Braille paper would be a reasonable adjustment for a Braille reader but not for a student who does not read Braille.

We are required by the Equality Act 2010 to make reasonable adjustments to remove or lessen any disadvantage that affects a disabled student.

If you have students who need access arrangements or reasonable adjustments, you can apply using the Access arrangements online service at [aqa.org.uk/eaqa](http://aqa.org.uk/eaqa)

### 5.6.2 Special consideration

We can give special consideration to students who have been disadvantaged at the time of the assessment through no fault of their own – for example a temporary illness, injury or serious problem such as the death of a relative. We can only do this **after** the assessment.

Your exams officer should apply online for special consideration at [aqa.org.uk/eaqa](http://aqa.org.uk/eaqa)

For more information and advice about access arrangements, reasonable adjustments and special consideration please see [aqa.org.uk/access](http://aqa.org.uk/access) or email [accessarrangementsqueries@aqa.org.uk](mailto:accessarrangementsqueries@aqa.org.uk)

## 5.7 Working with AQA for the first time

If your school or college has not previously offered any AQA specification, you need to register as an AQA centre to offer our specifications to your students. Find out how at [aqa.org.uk/becomeacentre](http://aqa.org.uk/becomeacentre)

## 5.8 Private candidates

This specification is available to private candidates.

A private candidate is someone who enters for exams through an AQA approved school or college but is not enrolled as a student there.

A private candidate may be self-taught, home schooled or have private tuition, either with a tutor or through a distance learning organisation. You must be based in the UK.

If you have any queries as a private candidate, you can:

- speak to the exams officer at the school or college where you intend to take your exams
- visit our website at [aqa.org.uk/privatecandidates](https://www.aqa.org.uk/privatecandidates)
- email: [privatecandidates@aca.org.uk](mailto:privatecandidates@aca.org.uk)
