What is the main reason for traffic getting worse in Bangalore? Opinions please...

10 miles to go...SatNav says....1h30mins That's #BangaloreCongestion 🙄

Turned down lift home yesterday – I was in a hurry! #BangaloreCongestion

FIGURE 7 – For use with Question 2

The image shows a row of bicycles parked outside a building. Each bicycle has a two-wheeled stretcher attached to it.

BICYCLE AMBULANCES

There are two small Health Centres in the area serving 45 000 people. 1 in 6 women die in childbirth.

People have to travel vast distances to be seen by a nurse or doctor. Travel to the clinics is usually by ox and cart but this is an expensive and slow mode of transport.

A project was started to build bicycle ambulances and to provide training to the people in the area so more patients can make their way to a health centre. It is hoped that these bicycle ambulances will help save many lives.
