Paper 1 Geographical Themes

October/November 2025

1 hour 45 minutes

You must answer on the question paper.

You will need: Insert (enclosed) Ruler  
Calculator  
Protractor

### INSTRUCTIONS

- Answer **three** questions in total, **one** from each section.
- Use a black or dark blue pen. You may use an HB pencil for any diagrams or graphs.
- Write your name, centre number and candidate number in the boxes at the top of the page.
- Write your answer to each question in the space provided.
- Do **not** use an erasable pen or correction fluid.
- Do **not** write on any bar codes.
- If additional space is needed, you should use the lined pages at the end of this booklet; the question number or numbers must be clearly shown.

### INFORMATION

- The total mark for this paper is 75.
- The number of marks for each question or part question is shown in brackets [ ].
- The insert contains additional resources referred to in the questions.

LEDCs – Less Economically Developed Countries  
MEDCs – More Economically Developed Countries

This document has **28** pages.

Section A

Answer **one** question from this section.

1 (a) Study Fig. 1.1 (Insert), a map showing migration routes in Central America.

(i) What is meant by 'migration' of people?

.....  
..... [1]

(ii) Using Fig. 1.1 **only**, identify an example of an internal migration route in Mexico

..... to .....

international migration route.

..... to ..... [2]

(iii) Many of the migrants from Central America are hoping to reach MEDCs in North America. Describe **three** pulls (attractions) of MEDCs to international migrants.

1 .....  
.....

2 .....  
.....

3 .....  
..... [3]

(iv) Describe the difficulties migrants from Mexico are likely to face when they arrive in a new country.

.....  
.....  
.....  
.....  
.....  
.....  
.....  
..... [4]

(b) Study Fig. 1.2, information about change in the population of selected urban areas in the USA between 2000 and 2020.

Fig. 1.2

(i) Using Fig. 1.2 **only**, identify the urban area which has had the largest overall increase in population

.....

the smallest increase in population of international migrants

.....

a decline in the number of internal migrants.

.....

[3]

2 (a) Study Fig. 2.1 and Fig. 2.2 (Insert).

Fig. 2.1 is a map showing land use in an urban area in Germany, an MEDC in Europe.

Fig. 2.2 is an image of a new high technology industrial park which is to be built on disused land at X in Fig. 2.1.

(i) Which urban zone is shown in Fig. 2.1?  
Tick (✓) your answer on the following table.

	tick (✓)
central business district (CBD)	
high-cost housing area	
inner city area with mixed land use	
outer suburban residential area	

[1]

(ii) Identify the main land use in the following grid squares.

A1 .....

B2 .....

[2]

(iii) Using Fig. 2.2 **only**, describe **three** features of the new high technology industrial park.

1 .....

.....

2 .....

.....

3 .....

.....

[3]

(iv) The new high technology industrial park is to be built on disused land at X in Fig. 2.1.

Suggest reasons why some people are in favour of building the new high technology industrial park, whereas other people are against it.

.....

.....

.....

.....

.....

.....

.....

.....

..... [4]

(b) Study Fig. 2.3 (Insert), which is a photograph taken in the central business district (CBD) of Amsterdam, a city in the Netherlands, an MEDC in Europe.

(i) Using Fig. 2.3 **only**, describe **three** characteristics of the CBD of Amsterdam.

1 .....

.....

2 .....

.....

3 .....

.....

Section B

Answer **one** question from this section.

- 3 (a) Study Fig. 3.1, a flood hydrograph of a river after heavy rainfall.

Content removed due to copyright restrictions.

Fig. 3.1

- (i) What was the peak discharge of the river after the heavy rainfall?

..... cumecs [1]

- (ii) Define the following processes.

overland flow .....

throughflow .....

[2]

(iii) Explain why the river's peak discharge does not occur until more than 24 hours after the rain has stopped.

.....  
.....  
.....  
.....  
.....  
..... [3]

(iv) Explain why the following changes to the drainage basin will influence river discharge.  
deforestation along the valley sides

.....  
.....  
.....

building a large reservoir close to the river's source

.....  
.....  
.....

[4]

4 (a) Study Fig. 4.1 (Insert) and Fig. 4.2.

Fig. 4.1 shows information about the risk of earthquakes in Japan.  
Fig. 4.2 shows the tectonic plates surrounding Japan, an MEDC in Asia.

**Key**  
 plate boundary

**Fig. 4.2**

(i) Using Fig. 4.1 **only**, identify which of the following locations has a very low risk of earthquakes.

Tick (✓) the correct answer in the following table.

	tick (✓)
north-east Shikoku	
northern Hokkaido	
southern Kyushu	
south-east Honshu	

[1]

(ii) Using Fig. 4.1 **only**, describe the distribution of the areas in Japan with a very high risk of earthquakes.

.....  
.....  
.....  
..... [2]

(iii) Using Fig. 4.2, explain why many earthquakes occur in Japan.

.....  
.....  
.....  
.....  
..... [3]

(iv) Explain why many people live in MEDCs such as Japan, where there is a high risk of earthquakes.

.....  
.....  
.....  
.....  
.....  
.....  
..... [4]

Section C

Answer **one** question from this section.

- 5 (a) Study Fig. 5.1, a map showing part of Türkiye and Greece where the tourist industry is important.

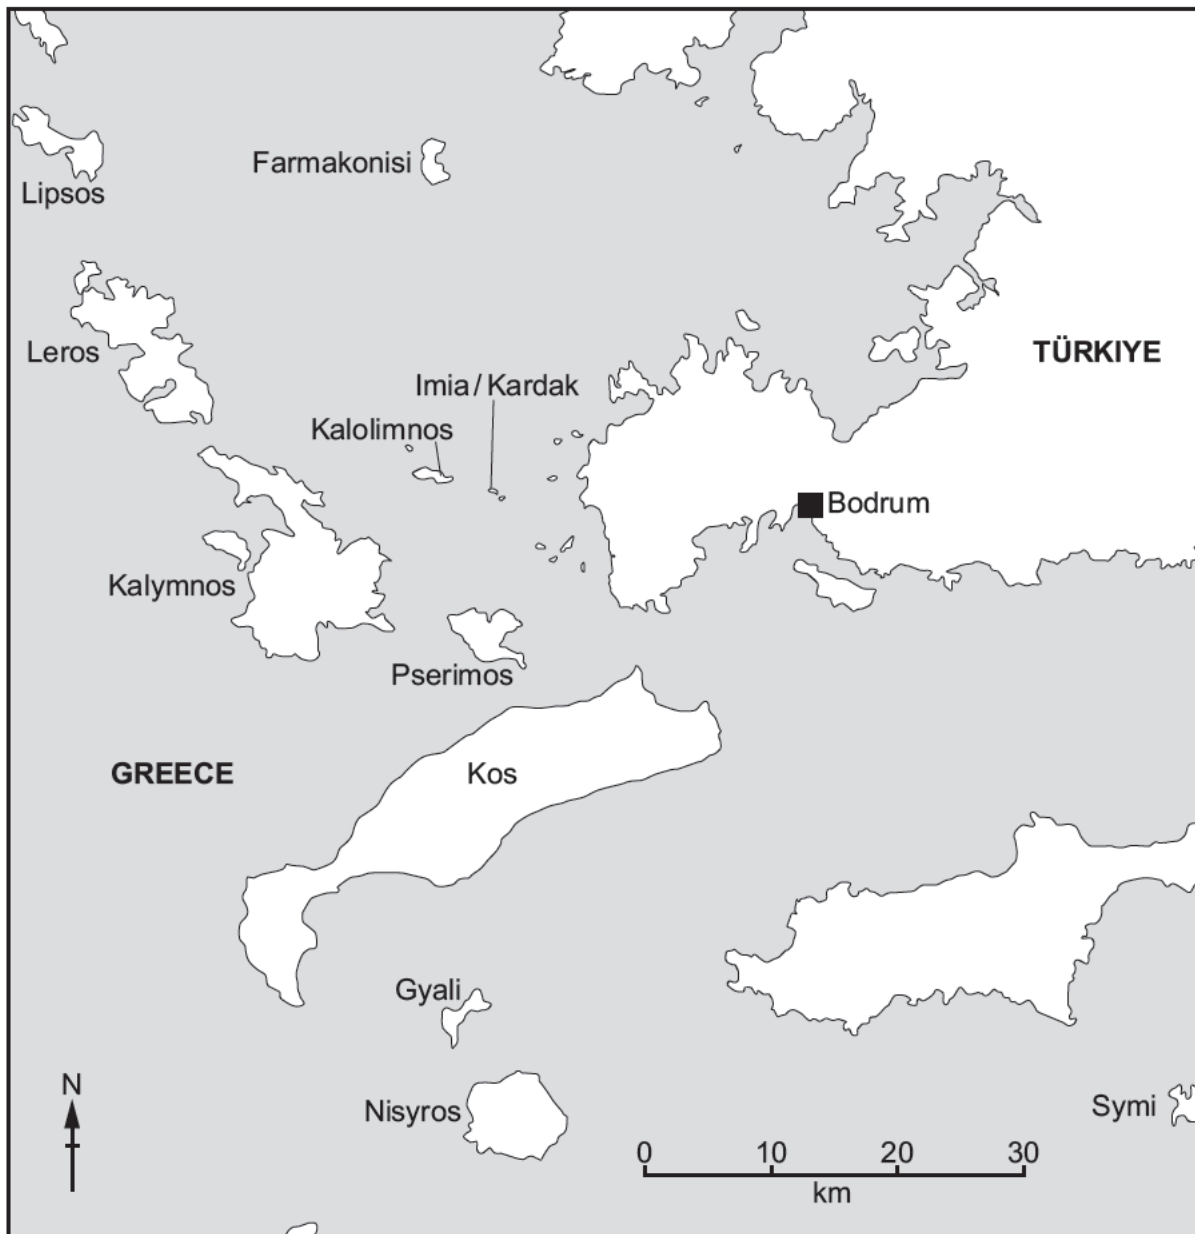

Fig. 5.1

DO NOT WRITE IN THIS MARGIN

(i) What is the straight line distance **from** Bodrum **to** Nisyros?

..... km

[1]

(ii) Describe the location of the island of Pserimos.

.....  
.....  
.....  
.....

[2]

(iii) Suggest reasons why unspoilt islands are attractive locations for tourists to visit.

.....  
.....  
.....  
.....  
.....  
.....  
.....

[3]

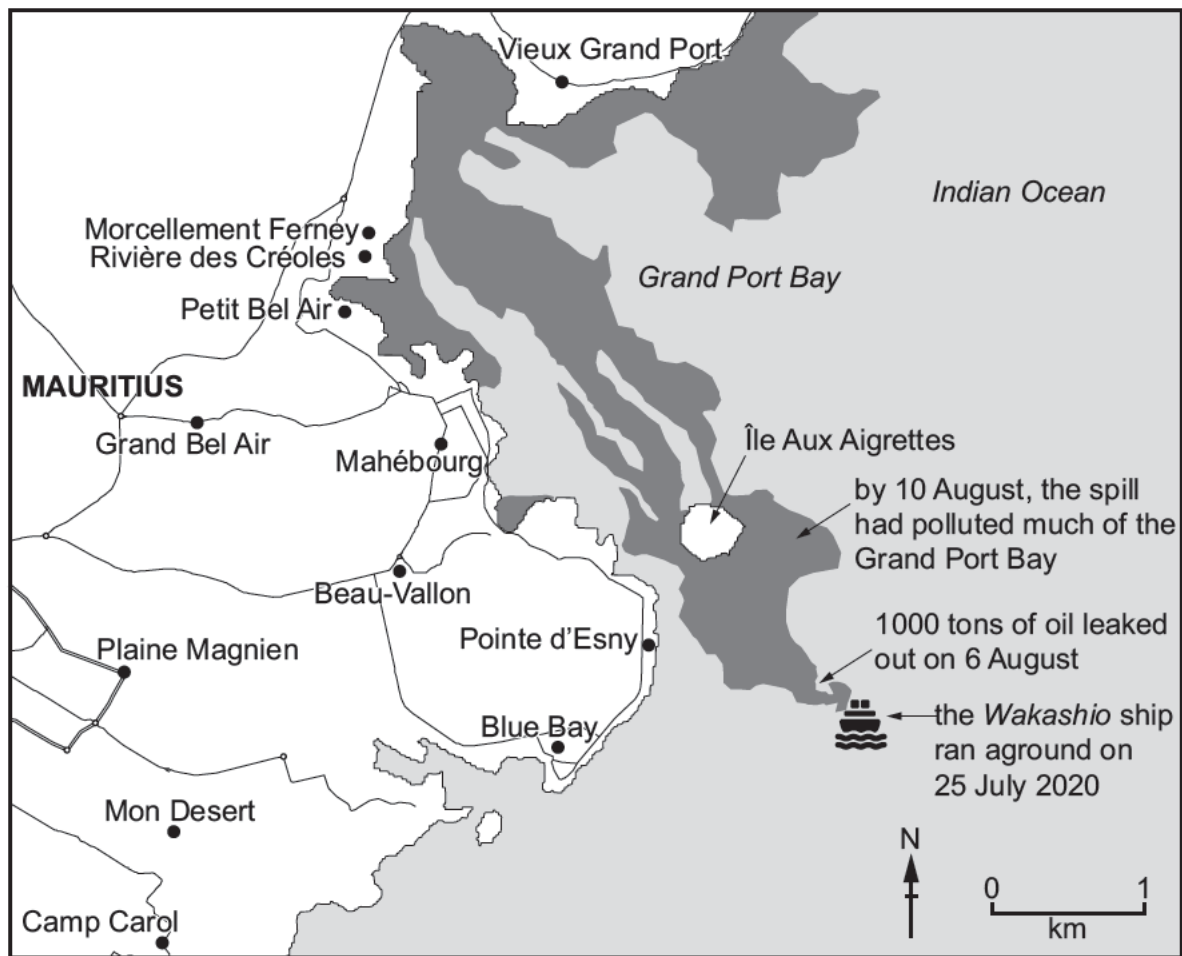

DO NOT WRITE IN THIS MARGIN

- 6 (a) Study Fig. 6.1, a map showing information about an oil spill from the *Wakashio*, a large ship, off the coast of Mauritius in July 2020.

**Key**

- area affected by the oil spill
- settlements

**Fig. 6.1**

- (i) What is the straight line distance **from** the *Wakashio* ship **to** Pointe d'Esny?

..... km

[1]

- (ii) Describe the location of the areas affected by the oil spill from the *Wakashio* ship.

.....

.....

.....

..... [2]

(iii) Suggest **three** problems which the oil spill may have caused for people living in settlements around Grand Port Bay.

1 .....

.....

2 .....

.....

3 .....

.....

[3]

(iv) The *Wakashio* ship ran aground on a coral reef. Explain **two** impacts of this on the natural environment of the coral reef.

1 .....

.....

.....

.....

2 .....

.....

.....

.....

[4]
