## Section A: Financial Accounting

## Question 1

## Source A1

GH plc prepared draft financial statements for the year ended 30 June 2020. These included the following.

GH plc
Draft income statement for the year ended 30 June 2020

|  | $\$$ |
| :--- | ---: |
| Revenue | 1980000 |
| Cost of sales | 1324000 |
| Gross profit | 656000 |
| Distribution costs | 186500 |
| Administrative expenses | 391000 |
| Profit from operations | 78500 |
| Finance costs | 49000 |
| Draft profit for the year | 29500 |

The following information was also available.
1 The draft cost of sales value comprised opening inventory of $\$ 85000$, purchases of $\$ 1317000$ and closing inventory of $\$ 78000$.

2 Included in sales were goods which had been invoiced to a customer on a sale or return basis at the end of June 2020. These goods had an original cost of $\$ 8000$ and a selling price of $\$ 20000$. The customer had not yet decided to make a purchase.

3 Included in closing inventory were goods which had originally cost $\$ 27000$ and had a normal selling price of $\$ 63000$. These had been damaged and could now only be sold for $\$ 18200$ after repairs costing $\$ 4100$ had taken place.

4 Import duties of $\$ 30000$ on goods purchased for resale had been included in distribution costs. Of these $\$ 3500$ related to goods in inventory at the year end.

5 Export duties of $\$ 7200$ had been included in administrative expenses in the draft income statement.
6 The value of trade receivables in the draft statement of financial position was $\$ 194000$, which was shown after deducting a provision for doubtful debts of $\$ 6000$. This was the provision for the start of the financial year which needed to be updated to $5 \%$ of the closing trade receivables.

7 Other income of $\$ 6300$ had been netted off against administrative expenses in the draft income statement.

8 During the year ended 30 June 2020 a customer had started legal action against GH plc. At the year end, it was considered that there was a $75 \%$ possibility that GH plc would lose the case and have to pay $\$ 31000$.

9 An impairment loss of $\$ 4000$ relating to a delivery vehicle was yet to be accounted for.

Answer the following questions in the question paper. Questions are printed here for reference only.
(a) Calculate the correct values of:
(i) inventory at 30 June 2020
(ii) cost of sales for the year ended 30 June 2020.
(b) Prepare a corrected income statement for the year ended 30 June 2020.
(c) Explain how your treatment of item 8 would be different if there was a $25 \%$ possibility of the company losing the case.
[Total: 25]

## Question 2

## Source A2

RX Sports is a sports club which provides sporting facilities and also sells running machines to its members.

The treasurer prepared the financial statements for the club for the year ended 31 December 2019. These included the following.

RX Sports
Trading account for the year ended 31 December 2019

|  | $\$$ | $\$$ |
| :--- | ---: | :---: |
| Sales |  | 14800 |
| Inventory 1 January 2019 | 700 |  |
| Purchases | $\underline{9950}$ |  |
|  | 10650 |  |
| Inventory 31 December 2019 | $\underline{1250}$ |  |
| Cost of sales |  | $\underline{9400}$ |
| Profit for the year |  | $\underline{5400}$ |

Income and expenditure account for the year ended 31 December 2019

|  | $\$$ | $\$$ |
| :--- | ---: | ---: |
| Subscriptions |  | 14200 |
| Profit on disposal of club equipment |  | 600 |
| Profit from trading account |  | $\underline{5400}$ |
|  | 1900 |  |
| Depreciation - computers | 4010 |  |
|  | - club equipment | 9800 |
| Staff costs | 6000 |  |
| Rent | $\underline{1320}$ | $\underline{23030}$ |
| Other costs |  | $\underline{2830}$ |
| Deficit for the year |  |  |

The treasurer accidentally deleted the receipts and payments account from the computer before it could be printed off. However, the following information was available.

1

|  | at 1 January 2019 | at 31 December 2019 |
| :--- | :---: | :---: |
| Subscriptions paid in advance | $\$$ | $\$$ |
| Subscriptions in arrears | 200 | 600 |
| Trade receivables | 400 | 300 |
| Trade payables | 5200 | 3740 |
| Cash and cash equivalents | 1560 | 2910 |
| Net book value of computers | 1420 | $?$ |

2 The club equipment which was disposed of during the year had an original cost of $\$ 7200$. Accumulated depreciation was $\$ 3100$.

3 The club depreciates its computers at the rate of $25 \%$ per annum using the reducing balance method.

4 No club equipment was purchased during the year. A new computer was bought and was paid for by cheque.

5 One month's rent was unpaid at the year end.
6 Staff costs in the income and expenditure account included a provision for holiday pay of $\$ 160$.
7 All sales and purchases of running machines were made on a credit basis.
Answer the following questions in the question paper. Questions are printed here for reference only.
(a) Prepare the receipts and payments account for the year ended 31 December 2019.
(b) State three reasons why the difference between the total receipts and total payments in a receipts and payments account may not equal the surplus or deficit in an income and expenditure account.

## Additional information

The credit sales of running machines to members involved the members repaying their debt in instalments. The managing committee of the club is considering making future sales only on a cash basis.
(c) Name the financial statement in which the write-off of an irrecoverable debt arising from the sale of a running machine to a club member would be recorded.
(d) Advise the committee whether or not future sales should only be made on a cash basis. Justify your answer, making reference to the effect of this change on the club's cash flow and its surplus/deficit for the year.
[Total: 25]

## Question 3

## Source A3

Arthur and Belinda had run a successful partnership for some years. They had shared profits and losses equally. They decided to retire and VC plc agreed to buy the business on 1 January 2020 for a purchase consideration of $\$ 300000$.

Answer the following questions in the question paper. Questions are printed here for reference only.
(a) State three reasons why VC plc might want to buy the partnership.
(b) State three ways in which the purchase consideration might be settled.

## Additional information

Arthur says that as there were only two partners, he is entitled to receive half of the purchase consideration.
(c) Advise Belinda whether or not she should agree to Arthur receiving half of the purchase consideration. Justify your answer.

## Additional information

VC plc took over all the assets and liabilities of the partnership except for the bank account. The assets were revalued for the purposes of the sale.

The book value of the assets and liabilities of the partnership on 1 January 2020, along with the revalued amounts, were as follows.

|  | Book <br> values | Revalued <br> amounts |
| :--- | :---: | :---: |
|  | $\$$ | $\$$ |

(d) Suggest two reasons for the difference in the values for the equipment.
(e) Calculate:
(i) the value of goodwill recorded in the books of VC plc
(ii) the total profit on realisation made by the partnership.
(f) Explain the treatment of the total profit on realisation made by the partnership in (e)(ii).
(g) Explain why a revaluation reserve may appear in the financial statements of a limited company but not in the financial statements of a partnership.

## Question 4

## Source A4

The books of account of PM Limited contained the following summarised ledger accounts for the year ended 31 March 2020.

| Premises |  |  |  |
| :---: | :---: | :---: | :---: |
| Balance b/d | \$000 | Balance c/d | \$000 |
|  | 900 |  | 900 |
|  | 900 |  | 900 |
| Plant and machinery |  |  |  |
|  | \$000 |  | \$000 |
| Balance b/d | 405 | Disposal | 92 |
| Bank | 117 | Balance c/d | 430 |
|  | 522 |  | 522 |

Provision for depreciation of premises

|  | $\$ 000$ |  | $\$ 000$ |
| :--- | ---: | :--- | ---: |
| Balance c/d | 90 | Balance b/d <br> Income <br> statement | 18 |
|  |  | $\boxed{90}$ |  |
|  |  |  | $\boxed{90}$ |

Provision for depreciation of plant and

| machinery |  |  |  |
| :--- | ---: | :--- | ---: |
|  | $\$ 000$ |  | $\$ 000$ |
| Disposal | 46 | Balance b/d | 184 |
| Balance c/d | 245 | Income | 107 |
|  | $\underline{291}$ |  | statement |
|  | $\underline{291}$ | $\underline{0}$ |  |

| Motor vehicles |  |  |  |
| :--- | ---: | :--- | ---: |

|  | 92 | statement | 92 |  |  |  |  |

## Answer the following questions in the question paper. Questions are printed here for reference only.

(a) Prepare a schedule of non-current assets for the year ended 31 March 2020 in accordance with the provisions of IAS16, suitable for inclusion in the notes to the accounts.
(b) Identify the total figures from the summarised ledger accounts which would appear in the statement of cash flows for the year ended 31 March 2020. State the section of the statement of cash flows in which each figure would be recorded.
(c) Explain how your answer to (a) would be different if the premises had been revalued upwards at the end of the year.
(d) Explain how your answer to (b) would be different if the premises had been revalued upwards at the end of the year.
(e) State two items (other than the initial purchase price) which can be included in the total cost of a non-current asset when following IAS16.
[Total: 25]

## Section B: Cost and Management Accounting

## Question 5

## Source B1

At present PL plc manufactures only one product. It manufactures and sells 2000 units a year. The following information is available.

| Direct material | $\$ 20$ per unit |
| :--- | :--- |
| Direct labour | $\$ 12$ per unit |
| Total production overheads | $\$ 36000$ per year |
| Total selling and distribution overheads (all variable, <br> $\quad$ relating to number of units) | $\$ 20000$ per year |
| Mark-up | $33.33 \%$ |

The production overheads are as follows.

|  | $\$$ |  |
| :--- | ---: | :--- |
| Machine set-up costs | 22000 | (for 440 set-ups) |
| Quality inspection costs | 6000 | (for 500 inspections) |
| Order processing costs | $\underline{8000}$ | (for 800 orders) |
|  | $\underline{36000}$ |  |

Answer the following questions in the question paper. Questions are printed here for reference only.
(a) Calculate the selling price of one unit.

## Additional information

The directors are considering starting the manufacture of a deluxe version of the product. The plan is to manufacture and sell 1000 units of the deluxe version per year in addition to the standard version already being made. The percentage of mark-up would be unchanged.

Data relating to the deluxe version are as follows.

| Direct material | $\$ 30$ per unit |
| :--- | :--- |
| Direct labour | $\$ 20$ per unit |
| Machine set-ups | 350 per year |
| Quality inspections | 400 per year |
| Orders processed | 770 per year |

The production overhead costs would be the same for each occurrence of an activity for the deluxe version as for the standard version. The per-unit selling and distribution costs would be unchanged.
(b) Calculate the selling price of one unit of the deluxe version.
(c) State two concerns the directors might have in setting the selling price of the deluxe version.

## Additional information

One of the directors is suggesting halving the number of quality inspections.
(d) Advise the directors whether or not they should halve the number of quality inspections taking place. Justify your answer.
(e) State what is meant by the following terms.
(i) Cost driver
(ii) Cost pool
[Total: 25]

## Question 6

## Source B2

OT plc makes one product and uses a standard costing system. Its standard costs and revenues for one month are based on the following information.

Sales
12000 units at $\$ 15$ each
Per-unit costs
Direct materials $\quad 0.25$ kilos at $\$ 8$ per kilo
Direct labour $\quad 30$ minutes at $\$ 6$ per hour
Variable overhead $\$ 10$ per direct labour hour
Total fixed overhead
$\$ 20000$ per month
In March 2020 actual sales amounted to 12500 units.
Answer the following questions in the question paper. Questions are printed here for reference only.
(a) State, with regard to standard costing, two advantages and two disadvantages.
(b) Prepare a budgeted income statement in respect of the master budget and the flexed budget for March 2020.

## Additional information

The increase in sales units in March 2020 was the result of a special promotion where the selling price was reduced to $\$ 14.50$.
(c) Prepare a statement reconciling the budgeted sales revenue from the master budget with the total actual sales revenue for March 2020, using relevant variances.

## Additional information

After the success of the promotion in March 2020, the company is considering reducing the selling price still further, to $\$ 13$. At this price, the company expects to sell 14000 units a month.
(d) Name the variances which would be affected if the selling price was reduced to $\$ 13$ per unit. Show the revised amounts of these variances.
(e) Advise the directors whether or not they should proceed with the suggested reduction in selling price to $\$ 13$ a unit. Support your answer with calculations.
