CAMBRIDGE INTERNATIONAL EXAMINATIONS

GCE Advanced Subsidiary Level and GCE Advanced Level

MARK SCHEME for the October/November 2013 series

9705 DESIGN AND TECHNOLOGY

9705/13 Paper 1, maximum raw mark 120

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge will not enter into discussions about these mark schemes.

Cambridge is publishing the mark schemes for the October/November 2013 series for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level components and some Ordinary Level components.

Section A

| 1 | e.g | ch suitable reason given 1 mark . easier to cut in a school situation er to use | [1] [1] | Orido [2] |
|---|-----------|---|----------------|--------------|
| | (b) (i) | Making of grooves described Details of tools, equipment and safety precautions (if necessary) | [0-3] [0-3] | [6] |
| | (ii) | Making dowel joint described Details of tools, equipment and safety precautions (if necessary) | [0-3] [0-3] | [6] |
| | (iii) | Making of part B described Details of tools, equipment and safety precautions (if necessary) | [0–3] [0–3] | [6] |
| 2 | e.g Su | propriate finish named paint, galvanising itable reason given i improves appearance, protection, prevents rusting | [1] [1] | [2] |
| | (b) (i) | Cutting out hole described Smoothing edges described Details of tools, equipment and safety precautions (if necessary) | [0-2] [0-2] | [6] |
| | (ii) | Welding together parts A and B described Details of tools, equipment and safety precautions (if necessary) | [0-3] [0-3] | [6] |
| | (iii) | Marking out described Drilling holes described Details of tools, equipment and safety precautions (if necessary) | [0–2] [0–2] | [6] |
| | | (II Hecessary) | [U-2] | [6] : 20] |

| GCE A | S/A LEVEL – October/November 2013 | 9705 | 700 |

5 (a) Explanation of what the symbol means e.g. tidy man or do not litter symbol encourages people to dispose of unwanted packaging etc. carefully and thoughtfully

| (b) | Problem one identified and described Problem two identified and described | | | | |
|-----|---|-----|--------|-------|----|
| | e.g. no top on bin therefore litter would blow away | | | | |
| | a bin made from plastic would be lightweigh | and | easily | blown | or |
| | knocked over | | | | |

| (c) Explanation of how problem one could be overcome | [0-3] | |
|---|-------|-----|
| Explanation of how problem two could be overcome | [0-3] | [6] |
| e.g. added a lid to bin, make bin from another material or fix it to the ground | | |

| (d) | Situation has been analysed and relevant issues/points identified | [0-3] | |
|-----|---|-------|-----|
| | Explanation of why issues/points are considered relevant | [0-3] | |
| | Specific examples/evidence used to support conclusions | [0–2] | [8] |
| | | | |

| 6 | (a) | Explanation of anthropometric data | [0-2] | [2] |
|---|-----|------------------------------------|-------|-----|
| | | e.g. data on human sizes | | |

| (b) Problem one identified and described Problem two identified and described | [0-3] [0-2] | [4] |
|---|----------------|-----|
| e.g. child has nothing to put their feet on | | |
| handle would be difficult/uncomfortable for adult to use | | |

| (c) | Explanation of how problem one could be overcome | [0-3] | |
|-----|--|-------|-----|
| | Explanation of how problem two could be overcome | [0-3] | [6] |
| | e.g. add footrests or pedals to tractor | | |
| | make handle more ergonomic | | |

| (d) Situation has been analysed and relevant issues/points identified | [0-3] | |
|---|--------------------------|----|
| Explanation of why issues/points are considered relevant | [0–3] | |
| Specific examples/evidence used to support conclusions | [0 – 2] [8 | }] |
