MARK SCHEME

Maximum Mark: 60

Published

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge will not enter into discussions about these mark schemes.

Cambridge is publishing the mark schemes for the May/June 2017 series for most Cambridge IGCSE[®], Cambridge International A and AS Level and Cambridge Pre-U components, and some Cambridge O Level components.

General Instructions for Marking Questions 1 and 2

Marks:	Communication:	5 marks
	Language:	marks
	Impression:	<u>5 marks</u>
	Total:	<u>30 marks</u>

1 Relevance

The essay should, in the opinion of the examiner, be a genuine attempt to answer the question, whether from pictures or rubric. All relevant material should be accepted, even if the candidate has misinterpreted the story or parts of it.

2 Padding

Any material which is clearly irrelevant or deliberately evasive of the subject should be included in the word-count but should be bracketed and ignored in the marking. The word PAD should be written in the left-hand margin.

3 Tenses

Accept either PERFECT or PAST HISTORIC as the narrative tense, **where this is appropriate**. Ignore and accept inconsistencies.

4 Counting words

The definition of a 'word' in the essay questions is any group of letters (including hyphens and apostrophes) between two spaces. Numbers written as figures count as one word. If written as words, follow normal rules. Proper nouns and names count as one word.

5 Titles

Ignore any title supplied by the candidate for both word-counting and marking. In letters, ignore any address and date – start the word count at the prescription.

6 Short essays

These present no problem. They gain fewer ticks.

7 Long essays

The first 150 words ONLY will be assessed for BOTH language AND communication. Put // after the 150th word and ignore everything thereafter. HOWEVER, if the 150th word is part of a following marking unit and is a scoring word, allow it if the unit is correct –
Avec // les enfants = 1 Ils// sont partis = 0 Ils sont// partis = 0

8 Marking units

A tick is awarded for a correct Marking unit of which each element is correct.
A marking unit may consist of the correct use of any of the following items:

- A noun or pronoun + verb
- A verb used as an infinitive, with or without a preposition
- A noun or pronoun + adjective or adjectival phrase or partitive
- A noun or pronoun + preposition or prepositional phrase
- All pronouns except subject and reflexive
- All adverbs (except très, bien, oui, non)
- All conjunctions (except et and mais)

Marking units, which may consist of a single word or a group of words, will be ticked, in accordance with the detailed Language Mark Scheme, if all elements are correct. Please tick ABOVE the marking unit ensuring it is clear to what the tick relates.

Please note that mistakes with accents and hyphens are **not penalised**. Please remember not to penalise punctuation errors, including use/misuse of capitals and splitting words (le super marché) and combining them (pendantque). Please see p. 1, para 8 for treatment of apostrophes. The exception to this rule is the final –é on the past participle of an –er verb, or of être, which will lose the mark – *il est alle* = 0; *il a été* = 0. Similarly, an unwanted – é on a Present Tense will lose the mark – *il resté* = 0.

Please tolerate *Il est allè* and *elle est alleé* (native speakers are frequently vague in formation and placing of accents).

The rule concerning accents will also apply to Qu. 3.

9 Plus and Minus symbols

If an examiner feels that a candidate has been excessively rewarded (possibly by gaining ticks repeatedly for identical or nearly identical material) or that s/he has not received all the credit s/he deserves (outstanding vocabulary which only gets one tick or a very brave attempt that gets no tick at all), s/he should indicate this with a – or a + in the right-hand margin.

10 Immediate Repetition

No credit is given for immediate repetition. “Mon Dieu! Mon Dieu!” = 1. Repeated use of particular structures or lexical items should be credited each time, but use minus symbol and bear in mind for Impression mark.

11 Repeated Errors

Repeated vocabulary errors are not treated as consequential in questions 1 and 2. Examiners can compensate by using + symbols in the right-hand margins.

12 Scoring

Language: Draw a line across the page after the first ten ticks and do not count these first ten in the total. An essay with 10 ticks or fewer will score 0. Count subsequent ticks up to a maximum of **60** and divide the total by **3** (round up or down to the nearest whole number – see separate scale on p. 9 for reference). This gives a maximum mark of 20.

Impression: The 5 marks will often be awarded in direct proportion to the Language mark gained, but there is flexibility to move up or down, particularly to reflect the + and – symbols in the right-hand margin. Note that, as the ratio is 1:4, it will sometimes be necessary to make a decision as to whether the Impression mark should go up or down. For example, in the absence of other evidence, a mark of 12 would be awarded an Impression mark of 3; 13 – 3; 14 – 3 or 4; 15–4 and so on.

Communication: Allocation of specific points will be discussed at our Coordination Meeting. Five marks are available and should be indicated by writing “1” per communication point in whichever margin you prefer.

Set out the 3 separate marks at the bottom of the question, add together and ring the total.

Marking credit points**1 Verbs**Subject (noun or pronoun) + finite verb correct.

Communication marks

All Communication must be achieved within 150 words; we take nothing into account after that point.

Five marks are available in any essay question. In general, the principle to be followed is that a communication point can only be awarded to a statement containing a verb in a recognisable and acceptable tense or a participle. Therefore, in Question 1, if a past narrative is required, “*elle regarde un tableau*” would not score for Communication. For past tense narrative please accept (**for Communication only**) the Imperfect and Pluperfect as well as the Perfect and Past Historic. If a Future is required, please accept the Conditional as well. In the context of Communication, please accept minor spelling errors which do not affect a correct phonetic rendition – *Je m’apelle (sic) = 1*, *Elle courais (sic) = 1*. Accept – *ait* for – *aient* and vice versa. Reject *et* for *est* and *ons/ont* for *on*. Where compound tenses are used, please accept, provided it is phonetically correct, the use of auxiliary *avoir* in place of *être* plus phonetically reasonable past participles (inc the infinitive of an –er verb, but not the second person plural). Ignore past participle agreement in this context. Do not accept *être* when *avoir* should be used. For the Immediate Future, accept *Je vais allé*, but NOT *Je vais allez/allais*.

The following grammatically incorrect forms would therefore qualify for a Communication mark:

Ils ont arrivé au musée. Il as regardé un statue.
Elle a embrasser sa mère.

The following would NOT score for Communication:

Ils a parlé J’ai faire Il a donnez Il est marché

Do NOT accept total omission of auxiliary or muddled tenses:

Ils allés au musée. La femme est arrivait..

For Communication, at least 5 of the pictures must be covered. Accept any statement that conforms to the above criteria on the basis of one per picture. Any point relevant to any aspect of each picture may be rewarded, but no more than one point can be gained for each picture reference

Instructions for Marking Question 2

In general, the instructions for marking Question 1 apply equally to Question 2. The following additional points need to be made.

- (a) **Letter.** *Tu* would be normal between pen friends but accept the consistent use of *vous*. Penalise inconsistency twice only then ignore. Indicate with V1 and V2.

Do not accept the Past Historic as the narrative tense. Penalise (by not ticking) twice only, then ignore. Indicate with T1 and T2.

Start the word count after the given opening phrase. Include the closing *formules* in the count and reward as normal for language if they are appropriate to a maximum of 3 ticks.

The lay-out for this question should theoretically preclude irrelevant preamble and stock openings. We shall discuss at the meeting any unforeseen approaches adopted by candidates. Once marking has started, please consult the PE if unsure how to deal with a particular case.

- (b) **Dialogue.** Start the word count and marking after the given opening phrase. Ignore any narrative at any point in the answer and exclude from the count. *Tu* must be used throughout. Deal with inconsistency as in Qu 2a.

Please also treat tenses as in the second para of Qu 2a.

- (c) **Narrative.** Allow either PERFECT or PAST HISTORIC as the narrative tense and do not penalise inconsistency.

Start the word count and the marking after the given opening phrase. Do not accept any unwanted preamble.

Communication: Award one Communication point for an acceptable reference (as defined by the “Communication” rules) to each of the points set out in the rubrics. In all the questions there are 5 rubric points. As for Qu 1, all communication must be achieved within 150 words for any of the Qu 2 essays.

Instructions for Marking Question 3

- 1** Each of the five sections (A to E) is divided into **14** Marking Groups as shown in the detailed Mark Scheme. Each Marking Group carries one mark which can be awarded up to a maximum of **12** in each of the five sections. Therefore, in each section, 2 errors can be made without penalty.
- 2** Tick each correct Marking Group. There is no need to underline errors, nor to add them up. There are no tolerances; the Marking Group must be correct within the definition given in General Instructions, para 8.
- 3** Repeated errors of vocabulary must not be penalised. Grammatical errors must be penalised each time they occur, even when they are identical with an error already penalised.
- 4** If an examiner decides to accept a version not on the scheme, s/he must put a D in the left-hand margin. .
- 5** Do not penalise:
 - (a) consequential errors, except of tenses.
 - (b) failure to keep sections separate.
 - (c) faulty punctuation. (See General Instructions for Qu. 1 and Qu. 2, para 8)
 - (d) accent errors except for –é on a past participle. (“ “ “)
 - (e) words added, unless they contain errors or change the sense of the original text.
- 6** Consequential errors: In the Prose, we should not penalise anything which appears on the Mark Scheme even if it is not consequential following an error made by the Candidate. Thus:
 Il monta (1)/ dans la taxi (0)/ qui est parti (1)
 qui est partie (1)
 La chien noire (0)/ est beau (1)
 belle (1)
- 7** Allow the PERFECT or PAST HISTORIC as the narrative tense. Do not penalise inconsistency.
- 8** The mark awarded for each Section should be shown in the right-hand margin.
- 9** The sum of all the sub-totals should be shown at the end, immediately to the left of the right-hand margin. Working total out of 60 should be halved and crossed through but left legible. Round up any halves. Total mark for the question, out of 30, should be placed in the right-hand margin and ringed.
- 10** Please note that the abolition of the old plus/minus marks scheme for each section, an inevitable consequence of allowing extra possible marks for the sections, means that cross-checking is no longer possible. Please, therefore, be very careful to ensure that no ticks are missed within each section and that the adding up is correctly done at the end.
