MARK SCHEME for the November 2004 question paper

0648 FOOD AND NUTRITION	
0648/02	Paper 2 (Practical Test), maximum mark 100

This mark scheme is published as an aid to teachers and students, to indicate the requirements of the examination. It shows the basis on which Examiners were initially instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began. Any substantial changes to the mark scheme that arose from these discussions will be recorded in the published *Report on the Examination*.

All Examiners are instructed that alternative correct answers and unexpected approaches in candidates' scripts must be given marks that fairly reflect the relevant knowledge and skills demonstrated.

Mark schemes must be read in conjunction with the question papers and the *Report on the Examination*.

- CIE will not enter into discussion or correspondence in connection with these mark schemes.

CIE is publishing the mark schemes for the November 2004 question papers for most IGCSE and GCE Advanced Level syllabuses.

(Practical Test)

PRACTICAL FOOD AND NUTRITION

To pass a candidate must work systematically using a reasonable degree of skill, good methods and sound recipes. At least half of the resulting dishes should be of a good standard - well served, with good appearance, consistency, texture and flavour. If the main dishes of the test are inedible then a pass result should not be given.

Allocation of marks - 150 (This raw mark must be scaled to a mark out of 100)

The total of 150 is divided thus

1	Preparation session - choice and plan	50
2	Method of working	55
3	Quality of dishes	35
4	Serving and appearance	10

DETAILED ALLOCATION OF MARKS

1	PREPARATION SESSION	(50 marks)	Choice	20
			Plan	30

(a) Choice **[Max 20]**

General Points - applicable to each test.

The dishes chosen should

- (i) show a variety of skills and processes
- (ii) combine to form well balanced meals
- (iii) have attractive appearance
- (iv) show thought for economy in fuel and food
- (v) meet the specific requirements of the test
- (vi) show an awareness of the time available for cooking and serving

Note quantities chosen - these should be adequate for the number being served.

Under choice give credit for variety in texture and for inclusion of local fruit and vegetables.

(b) Plan of Work **[Max 30]**

Please note and mark the following points.

(i) Recipe section **[5 marks]**

Dishes chosen must be clearly listed with the quantity of each ingredient for each dish

Page 2	Mark Scheme	Syllabus
	INTERNATIONAL GCSE – NOVEMBER 2004	0648

(ii) Planning section

[25 marks]

- 1 A logical sequence of work from beginning of test to final serving - each item followed through to serving stage. This is the most important part of the plan. It should show the candidate's ability to visualise exactly what he/she is going to do throughout the test time and to write it down in clear sequence with adequate timing. **[10 marks]**
- 2 Clear indication of method for each dish e.g. make cake - creaming method - make sauce - roux method. **[5 marks]**
- 3 Oven temperature required for each dish and cooking time - although this can be incorporated in (a). **[3 marks]**
- 4 Time allowed for cleaning and dish washing at convenient points in plan (not necessarily after every dish). **[3 marks]**
- 5 Allowance of time for serving meals in correct order of courses.
Detailed timing is not required - a sensible guide is preferable. **[2 marks]**

(iii) Shopping List

Should give correct total quantities of ingredients required under correct headings. Any special equipment should be stated. **[2 marks]**

2 MARKING OF METHOD OF WORKING**[55 marks]**

As a general guide, 28/55 for methods which just deserve a pass, 33/55 for a really sound pass and 44/55 for very good methods, excellent timing and a variety of skills shown - this mark will only be given to a very able candidate. A candidate who shows little skill and who has not chosen sufficient dishes for the available time cannot be given more than 25/55 for this section.

The majority of candidates will probably gain between 28 and 42 marks.

Method of Working**[Maximum 55 marks]**

The following points should be considered when deciding on this mark. The suggested sections are intended to guide the examiner in assessing the total mark to be given for this section.

- (a) The candidate's general approach - business-like and confident - should show in working that she/he has knowledge and clear understanding of recipes and methods being used. Sense of timing. **[5 marks]**
- (b) Manipulation - correct use of tools, skill in handling mixtures, and large and small equipment. Correct preparation of dish, meat, vegetables, fruit, seasonings and flavourings, etc. **[20 marks]**
- (c) Judgement of consistencies of various mixtures for e.g. scone mixtures, cake mixture etc. before actual cooking. **[10 marks]**

- (d) Good hygienic methods and economy in the use of fuel and food. [5 + 5 marks]
- (e) Oven management - control of heat on top of stove. Knowledge of correct oven temperatures and positioning of dishes in the oven. [5 marks]
- (f) Tidy and methodical work throughout. [5 marks]

If a candidate is extremely untidy then more than 5 marks may be deducted - if this happens please comment on the mark sheet.

Where a candidate is preparing very simple dishes, then the maximum mark of 55 should be reduced accordingly.

The term 'fresh vegetables' includes the preparation and cooking of root and/or green vegetables. Salads, which should include a variety of vegetables and fruits, may merit a maximum of 6, dressing up to 4 according to type and skill involved.

N.B. Tinned, frozen and freeze dried vegetables and instant coffee - maximum 1 mark each. Commercially prepared fruit juice or squash = 0. These marks apply to result only. If serving and presentation of vegetables good then give credit in last section, but for tinned juice etc. no mark.

3 QUALITY OF DISHES [maximum mark 35]

All dishes must be tasted. Each dish must be marked according to flavour, texture and edibility. Please note that the maximum marks must be reduced for simple dishes involving little skill. Dishes added after the planning session has been completed will not receive a mark.

In assessing the quality of finished dishes, comments should be written on the assessment sheet about the flavour, texture and edibility of each dish.

Serving and appearance are assessed with a separate mark.

4 SERVING AND APPEARANCE [maximum 10 (usually 5 + 5)]

Serving - note the following points: sequence of serving meal, correct temperature of food and serving dishes.

Appearance - attractive presentation, tasteful garnishing and decoration. Cleanliness of dishes and tablecloth. Correct use of d'oyleys (doilies) and dish papers. Suitable simple flower arrangement.

NOTE: The raw mark awarded to each candidate out of 150 must be scaled to a mark out of 100 before transferring to the MS1 marksheet [max 100]
