2 (a) Look at the table below.

Write down the health promotion approach used in each example.

Example	Health promotion approach
A radio advertisement encourages people to get active by walking instead of using the car.	[1]
The government introduces a new law to ban smoking in cars where children are passengers.	[1]
A leaflet uses lots of facts and statistics to explain the negative health effects of a poor diet.	[1]

(b) Describe the fear arousal approach to health promotion.

(b) (i) Andrew is Jewish and does not eat any pork products because of his religious beliefs. In hospital Andrew is always provided with a meal that is free of pork products. This is an example of anti-discriminatory practice. Outline two other examples of anti-discriminatory practice in a hospital.
