Write down three ways using illegal drugs may affect the physical health of an individual. [1]/[1]/[1]

1. _____

2. _____

3. _____

(b)

(i) Simon is in the life stage of _____ which is from 4 to _____ years. [2]

(ii) Simon may have different relationships throughout his life.
Write down the type of relationship Simon has with:

His parents [1]

His teachers at school [1]

(iii) Write down the life change Simon has experienced. [1]

(iv) Simon goes to karate classes in the local community centre. Earlier this year he was bullied by two older boys.

Explain how Simon's emotional and social development may have been affected by being bullied.

Emotional development [2]

Social development [2]

(v) A range of factors may affect an individual's self-concept.

1. Explain the term self-concept. [2]

2. Discuss how education may have a positive effect on Simon's self-concept. [3]

2 Abidin, aged 34, moved from Malaysia to Northern Ireland to study at university. He completed his degree and is now manager of a large transport company. He is married and has three children.

(a) Abidin has experienced the life change of emigration.

Using the information given write down two other life changes Abidin has experienced. [1]/[1]

1. _____

2. _____

(b) Explain how emigration may have had a **negative** effect on Abidin's emotional and social development.

Effect on emotional development [2]

Effect on social development [2]

(c) Explain how each of the following factors may have a **positive** effect on Abidin's self-concept.

Age [2]

Sexual orientation [2]

Culture/ethnicity [2]

(d)

While at university Abidin was seriously ill with meningitis. He spent two weeks in hospital and was unable to attend university for two months.

Using the table below, discuss how illness may have affected Abidin's personal development.

Physical development [3]

Social development [3]

(e) Abidin required support to cope with his illness.

Discuss how his friends may have helped him to cope.
[3]

- 4 A range of factors may affect the growth and development of an individual.

Discuss how each of the following factors may affect the physical health of an individual.

Gender [3]

Access to health services [3]

Low income [3]

5 Robert, aged 45, has been unemployed for eighteen months. He is a single parent and his three teenage children live with him.

(a) (i) Explain one way Robert's local social security office may help him cope with unemployment. [2]

(b)

The family's home is in poor condition as Robert has little money to maintain and repair the house.

Use the table on pages 22 and 23 to analyse how poor housing conditions may affect a child's personal development. [12]
