In 2017 Lossiemouth had a population of 6,800 people.

In the past the basis of the local economy was fishing, with almost all the employment being within that industry. In 2001 less than 2% of employment was in fishing.

At present, the Royal Air Force are one of the main players in the area with RAF Lossiemouth just two miles from the town centre.

In 2017, there were 1.87 million visitor days to Moray, up 4.2% from the previous year. Lossiemouth has seen an increase in tourism over the last 10 years.
