5(g)		<del> </del>
	In 1 Samuel/Shmuel 20-25,in what ways do we see the relationship between King Saul/Shaul and David deteriorate? Specify any eight incidents.  Amongst others:  As background, Saul/Shaul saw David as a contender to the throne. He had been secretly anointed by Samuel/Shmuel (16:3). David's future position [1]  was acknowledged by Saul/Shaul (24:2) when David spared his life. [1]  Due to Saul's/Shaul's fixation that David had intentions against him, David absented himself from the New Month celebration [1].  Saul/Shaul raged against David on that occasion. Accused Jonathan of choosing 'the son of Yishaias long as he lives your kingship is not safe' (20:30-31) [1].  Suspected David of plotting against him. Falsely accused Ahimelekh the Chief Priest of Nov being in league with. David since he supplied him with food and Goliath's sword [1].  As part of the anti David fixation, Doeg of Edom was commanded to assassinate the Chief priest and his eighty-five assistant priests. [1].  On an occasion when David went to Keilah in preparation to attack the Philistines (the national enemy), Saul/Shaul was prepared to impede David's military success [1].  Saul/Shaul interpreted David's military success [1].  Saul/Shaul prepared to search for David; even at the expense of using his military resources against the Philistines [1].  Commissioned the Ziphites to inform him of David's hiding place [1].  It was only later in the wilderness of Maon, where Saul/Shaul tried to encircle David [1],  That Saul/Shaul was diverted in his purpose in order to prevent an attack by the Philistines [1].	[8]
