

**GCE**

## **Classics: Classical Civilisation**

Unit **F381**: Archaeology: Mycenae and the Classical World

Advanced Subsidiary GCE

### **Mark Scheme for June 2017**

OCR (Oxford Cambridge and RSA) is a leading UK awarding body, providing a wide range of qualifications to meet the needs of candidates of all ages and abilities. OCR qualifications include AS/A Levels, Diplomas, GCSEs, Cambridge Nationals, Cambridge Technicals, Functional Skills, Key Skills, Entry Level qualifications, NVQs and vocational qualifications in areas such as IT, business, languages, teaching/training, administration and secretarial skills.

It is also responsible for developing new specifications to meet national requirements and the needs of students and teachers. OCR is a not-for-profit organisation; any surplus made is invested back into the establishment to help towards the development of qualifications and support, which keep pace with the changing needs of today's society.

This mark scheme is published as an aid to teachers and students, to indicate the requirements of the examination. It shows the basis on which marks were awarded by examiners. It does not indicate the details of the discussions which took place at an examiners' meeting before marking commenced.

All examiners are instructed that alternative correct answers and unexpected approaches in candidates' scripts must be given marks that fairly reflect the relevant knowledge and skills demonstrated.

Mark schemes should be read in conjunction with the published question papers and the report on the examination.

OCR will not enter into any discussion or correspondence in connection with this mark scheme.

© OCR 2017

These are the annotations, (including abbreviations), used in RM Assessor, which are used when marking

Annotation	Meaning of annotation
<b>BP</b>	Blank Page – this annotation <b>must</b> be used on all blank pages within an answer booklet and on each page of an additional object where there is no candidate response.

Symbol	Description	Comment
	Tick	worthy of credit
	?	unclear
	S	error of spelling
	E	error of grammar, punctuation or expression
	F	error of fact
	^	omission
	H Line	to draw an attention to an error
	H Wavy Line	to draw attention to something
	Highlight	as directed by PE
	REL	irrelevant point
	REP	conspicuous repetition
	L	illegible word or phrase

## SUBJECT SPECIFIC MARKING INSTRUCTIONS

Answers must be marked using the level descriptors in the marking grids and a mark awarded for each Assessment Objective.

### ASSESSMENT OBJECTIVES

Candidates are expected to demonstrate the following in the context of the content described for the individual unit:

**AO1 50% Demonstrate Knowledge and Understanding**

- recall and deploy relevant knowledge and understanding of literary, cultural, material, historical sources or linguistic forms in their appropriate contexts.

**AO2 50% Analysis, Evaluation and Presentation**

- AO2(a)analyse, evaluate, and respond to Classical sources (literary, cultural, material historical or linguistic) as appropriate;
- AO2(b)select, organise and present relevant information and argument in a clear, logical, accurate and appropriate form.

Individual questions are designed to allow the distribution of marks between the Assessment Objectives. You are required to identify a candidate's performance under each assessment objective and award marks accordingly.

### Marking Scripts

Answers must be marked using the level descriptors in the marking grids and a mark awarded for each Assessment Objective.

The points in the mark scheme are **indicative content only** and offer some question specific guidance. Credit should be given for other points and different views, if they seem possible and are well argued or supported by good evidence.

You must avoid negative marking - don't deduct marks for individual errors. All marks should be allocated by reference to the assessment grid.

**Any queries on unexpected answers please consult your Principal Examiner.**

### Using annotations

- Take great care to place a tick (see below) against any valid points that lead you to think at all favourably of the answer.
- Do not leave any page unmarked** (as a last resort tick the very bottom of a page to indicate that you have read it - otherwise Team Leaders/Principal Examiners cannot tell whether account has been taken of that page).
- Underline errors and place the appropriate symbol in the margin.
- Indicate that you have looked at every page of the answer booklet by placing the **BP** symbol at the top and bottom of any blank pages.

**Ticks:** these are the simplest, quickest and most efficient means for examiners to convey approval to Senior Examiners, and they should be inserted where they can be most effective. If the point you wish to highlight is in the middle of a paragraph, then put the tick in the middle of a line in the middle of a paragraph. Overuse of the tick tends to devalue its effectiveness.

**Do use** ticks to draw attention to anything worthy of credit [even single words].

**Do not use** ticks as a substitute for marking/assessment; marks for questions must be determined by reference to the assessment grid, **NOT** by mechanical addition of ticks.

**Highlighting:** use highlighting as directed by your Principal Examiner.

#### QUALITY OF WRITTEN COMMUNICATION

- There are no separate weightings for AO2(a) and AO2(b).
- QCA guidelines stipulate that all three strands of Quality of Written Communication must be explicitly addressed. For further information, see the specification grids.
- Reasonable but not excessive account should be taken of particularly poor spelling (**S**), punctuation, and other defects in English grammar and expression (**E**).
- Legibility: use the sign (**L**) in the margin to areas of a script which you cannot read.
- Extreme cases of illegibility should be referred to your Principal Examiner.

## MARK SCHEME

Question	Answer	Marks	Guidance										
			Content	Levels of Response									
1(a)	<p><b>Describe how this type of building was constructed, and how it was decorated.</b></p> <p>Answers may include:</p> <p><b>Construction:</b></p> <ul style="list-style-type: none"> <li>• <i>tholos</i> tomb, developed from shaft graves cut into tumuli</li> <li>• originally built on flat ground, later cut into sloping hillside</li> <li>• stone passage (<i>dromos</i>) leads to circular chamber constructed from stone</li> <li>• stone walls built above chamber gradually narrows (corbelling)</li> <li>• whole structure covered in earth</li> <li>• lower status ones cut direct into hillsides</li> <li>• stone moved on rollers.</li> </ul> <p><b>Decoration:</b></p> <ul style="list-style-type: none"> <li>• exterior: engaged columns in coloured stone, triangular 'pediment' opening, massive lintel, possibly bronze plates</li> <li>• interior: stone cut with patterns including zig-zags and spirals based on textile designs, possibly bronze plaques attached to ceilings.</li> </ul>	10	<p><b>AO1 = 10</b></p> <table> <tr> <td>Level 5</td> <td>9–10</td> </tr> <tr> <td>Level 4</td> <td>7–8</td> </tr> <tr> <td>Level 3</td> <td>5–6</td> </tr> <tr> <td>Level 2</td> <td>2–4</td> </tr> <tr> <td>Level 1</td> <td>0–1</td> </tr> </table>	Level 5	9–10	Level 4	7–8	Level 3	5–6	Level 2	2–4	Level 1	0–1
