

**Modified Enlarged 24pt**  
**OXFORD CAMBRIDGE AND RSA EXAMINATIONS**

**Friday 12 June 2020 – Morning**

**A Level in Design and Technology:  
Product Design**

**H406/02 Problem Solving in Product Design**

**Time allowed: 1 hour 45 minutes  
plus your additional time allowance**

**YOU MUST HAVE:**  
**the Resource Booklet**

**YOU CAN USE:**  
**a ruler (cm/mm)**  
**a scientific calculator**  
**geometrical instruments**

**Please write clearly in black ink.**

**Centre number**

--	--	--	--	--

**Candidate number**

--	--	--	--

**First name(s)** \_\_\_\_\_

**Last name** \_\_\_\_\_

**READ INSTRUCTIONS OVERLEAF**

# **INSTRUCTIONS**

**Use black ink. You can use an HB pencil, but only for graphs and diagrams.**

**Write your answer to each question in the space provided. You can use extra paper if you need to, but you must clearly show your candidate number, the centre number and the question numbers.**

**Answer ALL the questions.**

**Where appropriate, your answer should be supported with working. Marks might be given for using a correct method, even if your answer is wrong.**

**Each question tells you which part of the Resource Booklet to refer to.**

# **INFORMATION**

**The total mark for this paper is 70.**

**The marks for each question are shown in brackets [ ].**

**Quality of extended response will be assessed in questions marked with an asterisk (\*).**

## **ADVICE**

**Read each question carefully before you start your answer.**

**Answer ALL the questions.**

**Before responding to the questions in this paper you must spend time reading and familiarising yourself with the Resource Booklet.**

- 1 A local council intends to host a street food market during the Summer months to boost visitor numbers and promote economic growth.**

**Critically examine the challenges that would be faced in organising the street food market.**

**In your response you must consider the different needs and requirements of:**

**existing businesses in the town**

**residents.**

**Refer to information on PAGES 4 AND 5 of the Resource Booklet. [8]**

- 3 Street food sellers require a level table on which to prepare food. The Council has been advised that the trestle tables that they have available can be upgraded with standard components as shown in FIG. 5 for use at the street food market.**

**Use sketches and/or notes to show how this upgrade could be completed.**

**In your response you must consider:**

**how to avoid damage to the existing parts of the trestle table**

**any tools and/or equipment required**

**health and safety considerations.**

**Refer to information on PAGES 13–15 of the Resource Booklet. [12]**

**4\* The Council agrees to implement a scheme in its street food market during the Summer months whereby each customer will be given a ‘BambEat’ set.**

**Critically evaluate the challenges that would be faced in providing and using this product.**

**In your response you must consider the environmental and commercial impact on:**

**the Council**

**customers of all ages.**

**Refer to information on PAGES 16 AND 17 of the Resource Booklet. [12]**

- 5 The designer has created a concept model of a trolley suitable for the storage of dirty ‘BambEat’ sets after customer use.**

**In order to lower transportation and storage costs, the manufacturer needs the final product to be flat-packed.**

**Use sketches and/or notes to outline suitable methods of assembly in order for the trolley, in FIG. 8, to be flat-packed.**

**Provide annotations of technical information including:**

**materials**

**manufacturing processes**

**finishes**

**standard components to be used.**

**Refer to information on PAGES 18 AND 19 of the Resource Booklet. [20]**

- 6 In order to assess the viability of the trolley design, shown in FIG. 8, the designer needs to calculate how many ‘BambEat’ cups and plates will fit in it.**

**Calculate the maximum quantity of ‘BambEat’ cups and plates that will fit into the trolley.**

**Show your working.**

**Refer to information on PAGES 16–19 of the Resource Booklet, specifically FIG. 7 and FIG. 8. [6]**

**Number of cups** \_\_\_\_\_

**Number of plates** \_\_\_\_\_
