3 Explain in each of the following situations whether a duty of care can be established and, if so, whether it has been breached:

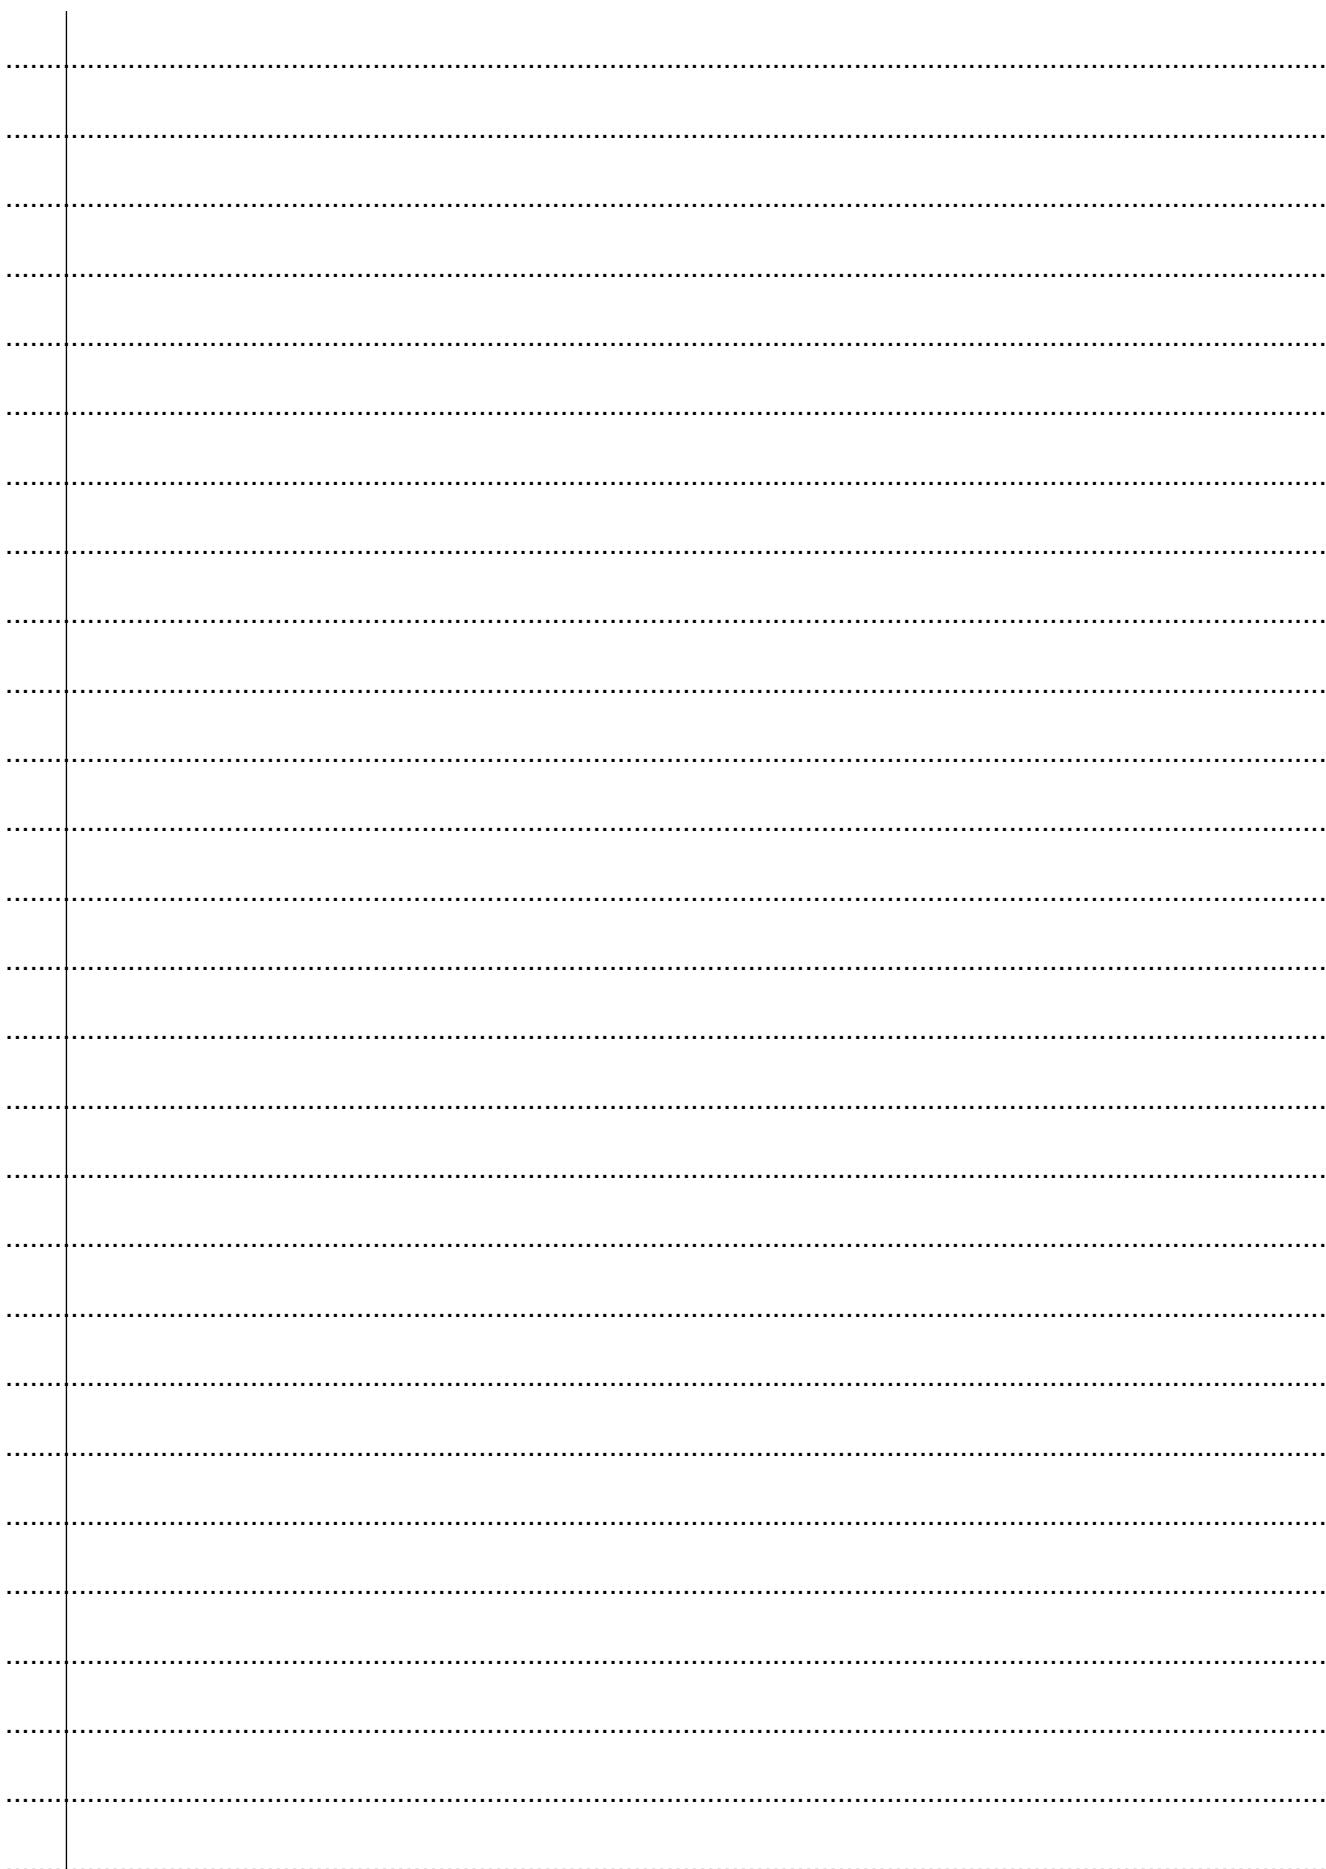

(a) Adam buys a ticket to the Summer Music Festival. Following heavy rainfall the whole festival site becomes very muddy and slippery. The festival organisers put down several tons of straw across almost all of the site but Adam slips and injures himself when in a part of the site without straw. [10]

(b) The Cornshire Cliff Rescue Service has received a 999 call to rescue a holidaymaker who has fallen half-way down a cliff. The rescue team travels in a helicopter instead of their usual rescue truck as there is no road to the cliff. Consequently, they have to transport their heavy lifting equipment loose in the helicopter instead of secured in the truck. When the helicopter hits some turbulence the lifting equipment slides into Bob, one of the rescue team, causing him severe injuries. [10]

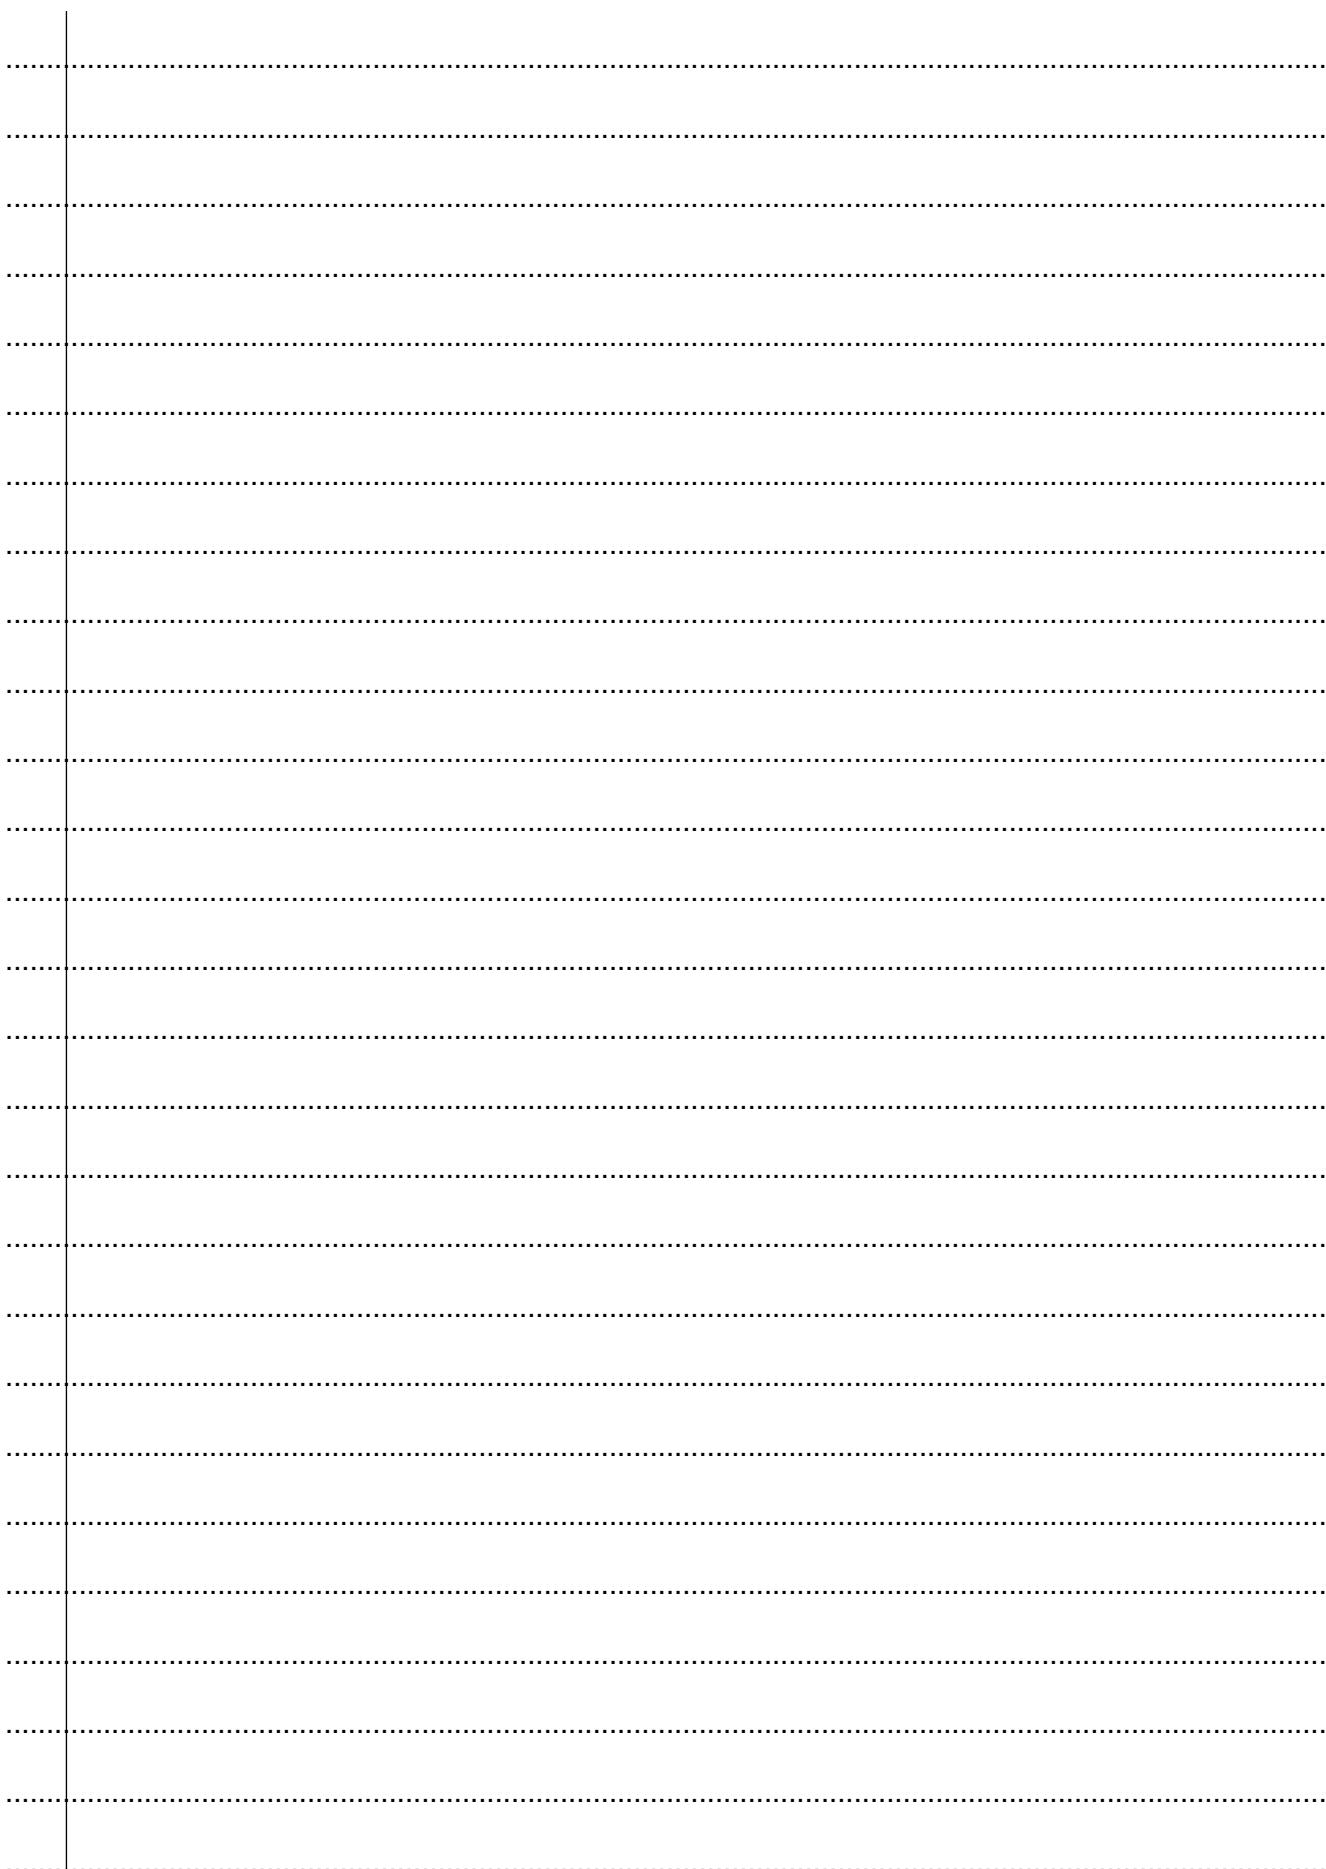

(c) Eddie and Fred are 13-year-old schoolboys. There has been a recent craze on the internet of people posting videos showing them pulling a person's chair away as they go to sit down causing them to fall backwards. So far, the school are unaware of the craze. At school Eddie pulls Fred's chair away as he is about to sit down. Fred falls awkwardly and injures the base of his spine. [10]
