READ INSTRUCTIONS OVERLEAF

INSTRUCTIONS

Use black ink. You can use an HB pencil, but only for graphs and diagrams.

Write your answer to each question in the space provided. If you need extra space use the lined pages at the end of this booklet. The question numbers must be clearly shown.

Answer ALL the questions.

INFORMATION

The total mark for this paper is 60.

The marks for each question are shown in brackets [].

Quality of extended response will be assessed in questions marked with an asterisk (*).

Spelling, punctuation and grammar (SPaG) and the use of specialist terminology will be assessed in questions marked with a pencil (✎).

ADVICE

Read each question carefully before you start your answer.

Answer ALL the questions.

Explain how the wood rat is connected to other components of the ecosystem shown in FIG. 1.

[3]

(b) Study the table opposite which shows climate data for a tropical rainforest.

(i) Calculate the total annual rainfall.

_____ **[1]**

(ii) State the mode for the temperature data.

_____ **[1]**

(iii) Identify ONE feature of the climate data shown in the table opposite that is typical of a tropical rainforest.

_____ **[1]**

	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
Average monthly temperatures (°C)	26	27	28	28	29	28	28	28	28	27	27	27
Total monthly rainfall (mm)	229	175	196	194	173	173	168	198	180	212	257	258

(c)* CASE STUDY – threats to coral reef biodiversity

Coral reef studied: _____

To what extent is human activity threatening the biodiversity of coral reefs? [12]

Spelling, punctuation and grammar and the use of specialist terminology [3]

[illegible]

PEOPLE OF THE PLANET

- 2 (a) Which of the following is a correct definition of a world city?
- A a capital city of a country
 - B a city considered to be important in the global economic system
 - C a city with a population greater than ten million
 - D a city with rapid urban growth

Write the correct letter in the box.

[1]

(b) Study FIG. 2 in the separate Resource Booklet, which shows the Kherwadi area of the city of Mumbai in India.

- (i) Using evidence from FIG. 2, describe ONE challenge that may affect the city.

[2]

(ii) Explain how TWO pull factors cause rapid urbanisation in LIDCs.

1 _____

2 _____

_____ **[4]**

(c) Study FIG. 3 in the separate Resource Booklet, which shows global variations in the percentage (%) of population with access to the internet.

(i) Describe the pattern of internet access shown in FIG. 3.

_____ **[3]**

(ii) Briefly explain how internet usage shows evidence of economic development.

[2]

(iii) Outline how ONE other development indicator can show evidence of uneven development.

[2]

(d) Explain reasons for uneven development.

[illegible]

ENVIRONMENTAL THREATS TO OUR PLANET

- 3 (a) Study FIG. 4 in the separate Resource Booklet, which shows changes in global temperature and carbon dioxide (CO₂) levels since 1000 AD.

(i) Which ONE of the following events is associated with the period of time labelled X on FIG. 4?

- A Medieval Warming
- B Modern Warming
- C The Ice Age
- D The Little Ice Age

Write the correct letter in the box. [1]

(ii) Which of the following is the correct difference between the highest and lowest average global temperatures shown on FIG. 4?

- A 0.2°C
- B 0.5°C
- C 0.8°C
- D 1.2°C

Write the correct letter in the box. [1]

(iii) Explain how the enhanced greenhouse effect contributes to global warming.

[3]

(b) State TWO natural causes of climate change.

1

2

[2]

[4]

(d)* CASE STUDY – El Niño/La Niña drought event

Assess whether the only cause of this drought event was the extreme weather conditions of El Niño/La Niña. [8]

[illegible]

END OF QUESTION PAPER

ADDITIONAL ANSWER SPACE

If additional space is required, you should use the following lined page(s). The question number(s) must be clearly shown in the margin(s).
