None

READ INSTRUCTIONS OVERLEAF

INSTRUCTIONS TO CANDIDATES

Write your name, centre number and candidate number in the boxes on the first page. Please write clearly and in capital letters.

Use black ink. HB pencil may be used for graphs and diagrams only.

Answer ALL the questions.

Read each question carefully. Make sure you know what you have to do before starting your answer.

Write your answer to each question in the space provided. Additional paper may be used if necessary but you must clearly show your candidate number, centre number and question number(s).

INFORMATION FOR CANDIDATES

The number of marks is given in brackets [] at the end of each question or part question.

The total number of marks for this paper is 60.

Quality of Written Communication will be assessed in questions marked with an asterisk (*).

Any blank pages are indicated.

BLANK PAGE

Answer ALL the questions.

- 1 Progress Delivery Company (PDC) uses handheld devices to manage the tracking and delivery of parcels.**

Draw a line from each description on the left to join it to the MOST APPROPRIATE component of a handheld device on the right. [4]

DESCRIPTION

**converts signals
from satellites to
work out physical
location**

**captures the
signature of a
customer**

**reads tracking
information from
parcels**

**produces a receipt
for a customer's
parcel**

COMPONENT

GPS receiver

thermal printer

touch screen

**barcode
scanner**

2 During the development of the new smartphone app for PDC the systems lifecycle will be used.

(a) Identify TWO stages of the systems lifecycle and for each describe the processes that would occur.

1 _____

Processes _____

2 _____

Processes _____

[6]

(b) Explain ONE disadvantage to PDC if the systems lifecycle is not used.

_____ **[2]**

- 3 PDC has a website which customers can use to make bookings and track parcels.**
- (a) Customers must register before making a booking on the PDC website.**

Describe ONE action customers can take to protect their personal information when using the PDC website.

[2]

- (b) Information is encrypted before it is sent between PDC and the customer.**

What is meant by the term encryption?

[2]

(c) Explain ONE advantage of parcel tracking information being available on the PDC website.

[2]

4 Information is sent wirelessly from the handheld devices to the PDC database.

(a) Describe TWO items of hardware that are needed to send and receive information wirelessly.

1 _____

2 _____

[4]

(b) Explain TWO advantages and ONE disadvantage of using wireless technologies to send information.

Advantage 1 _____

Advantage 2 _____

Disadvantage _____

[6]

Justify the use of NFC technologies for parcel tracking and delivery by PDC. [8]

[illegible]

6 PDC would like to update the parcel tracking page of its website to include the following features:

a map showing the current location of the customer's parcel;

an area showing the estimated delivery date and time;

the ability to change the delivery address;

the ability to change the delivery date.

Use the space opposite to sketch a suitable design for the parcel tracking page. [6]
