## Science A (Twenty First Century)

General Certificate of Secondary Education **J630**

### Mark Scheme for the Units

---

**January 2009**

---

**J630/MS/R/09J**

OCR (Oxford Cambridge and RSA) is a leading UK awarding body, providing a wide range of qualifications to meet the needs of pupils of all ages and abilities. OCR qualifications include AS/A Levels, GCSEs, OCR Nationals, Key Skills, Entry Level qualifications, NVQs and vocational qualifications in areas such as IT, business, languages, teaching/training, administration and secretarial skills.

It is also responsible for developing new syllabuses to meet national requirements and the needs of students and teachers. OCR is a not-for-profit organisation; any surplus made is invested back into the establishment to help towards the development of qualifications and support which keep pace with the changing needs of today's society.

This mark scheme is published as an aid to teachers and students, to indicate the requirements of the examination. It shows the basis on which marks were awarded by Examiners. It does not indicate the details of the discussions which took place at an Examiners' meeting before marking commenced.

All Examiners are instructed that alternative correct answers and unexpected approaches in candidates' scripts must be given marks that fairly reflect the relevant knowledge and skills demonstrated.

Mark schemes should be read in conjunction with the published question papers and the Report on the Examination.

OCR will not enter into any discussion or correspondence in connection with this mark scheme.

A213/02 Modules B3, C3, P3 Higher	44
Grade Thresholds	52

# Guidance for Examiners

1. Mark strictly to the mark scheme.
2. Make no deductions for wrong work after an acceptable answer unless the mark scheme says otherwise.
3. Each separate marking point is indicated by a (1) at the end of that marking point.
4. Abbreviations, annotations and conventions used in the detailed Mark Scheme:

ORA	= or reverse argument
NOT	= point that is not given credit
AW/owtte	= alternative wording/or words to that effect: allow any expression that is clearly equivalent
/	= alternative and acceptable answers for the same marking point
<u>point</u>	= point must be present to gain the mark
(description)	= description which need not be present to gain the mark

E.g.

mark scheme shows 'work done in lifting / (change in) gravitational potential energy'  
work done = 0 marks  
work done lifting = 1 mark  
change in potential energy = 0 marks  
gravitational potential energy = 1 mark

5. If a candidate alters his/her response, examiners should accept the alteration.
6. The list principle: if a list of responses greater than the number requested is given, you work through the list from the beginning. Award one mark for each correct response, ignore any neutral response, and deduct one mark for any incorrect response, i.e. one which has an error of science. If the number of incorrect responses is equal to or greater than the number of correct responses, no marks are awarded. A neutral response is correct but irrelevant to the question.
7. If an answer is crossed out but not replaced, mark the crossed out answer.

# A211/01 Modules B1, C1, P1 Foundation

Question		Expected Answers	Marks	Rationale
1	a	<p style="text-align: center;">nucleus</p> <div style="text-align: center;"> <input type="checkbox"/>  <input type="checkbox"/>  <input type="checkbox"/>  <input checked="" type="checkbox"/> (1)         </div>	1	if more than one box ticked, no mark
	b	<p style="text-align: center;">1</p> <div style="text-align: center;"> <input type="checkbox"/>  <input checked="" type="checkbox"/> (1)         </div>	1	if more than one box ticked, no mark
	c	<p style="text-align: center;">only one parent was involved</p> <div style="text-align: center;"> <input type="checkbox"/>  <input checked="" type="checkbox"/> (1)         </div>	1	if more than one box ticked, no mark

## Mark Scheme

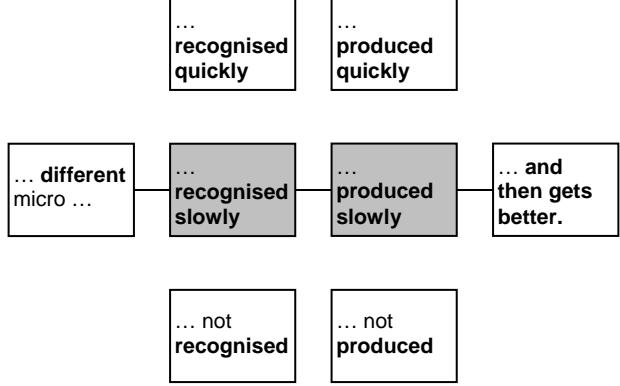

January 2009

Question			Expected Answers	Marks	Rationale
1	c	i	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> melting point <input checked="" type="checkbox"/> (1)	1	no extra ticks allowed
1	c	ii	<input type="checkbox"/> flexibility <input checked="" type="checkbox"/> (1) <input type="checkbox"/> <input type="checkbox"/>	1	no extra ticks allowed
	iii		A (1)	1	
	iv		<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> It does not break easily. <input checked="" type="checkbox"/> (1)	1	no extra ticks allowed
			Total	9	

Question		Expected Answers	Marks	Rationale
2	a	<p>The starting temperatures were different</p> <p><input type="checkbox"/> <input checked="" type="checkbox"/> (1) <input type="checkbox"/>  <input type="checkbox"/></p>	1	no extra ticks allowed
	b i	32 - 38 (1)	1	allow 38 to 32
	ii	35 (1)	1	
	iii	<p>... best estimate of the true value</p> <p><input type="checkbox"/>  <input type="checkbox"/> <input checked="" type="checkbox"/> (1) <input type="checkbox"/></p>	1	no extra ticks allowed
	c	<p>The starting temperature is the same.</p> <p><input checked="" type="checkbox"/> (1) <input type="checkbox"/></p> <p>The amounts of wool and fleece are the same.</p> <p><input checked="" type="checkbox"/> (1) <input type="checkbox"/></p>	2	one mark for each correct tick if three ticks present, deduct one mark more than three ticks = 0 marks
		<b>Total</b>	<b>6</b>	

Question			Expected Answers		Marks	Rationale
3	a	i	photon(s) (1)		1	allow photon, UV photon, UVA photon, UVB photon the word 'photon' is essential, however spelled
		ii	(uv) filter (1)		1	not sunscreen (also has reflector) unless qualified e.g. 'acts as filter'
		iii	reflect(s) (1)		1	allow titanium dioxide (not just titanium) or white powder
b			Put fresh sunscreen on more often		2	one mark for each correct tick if three ticks present, deduct one mark more than three ticks = 0 marks
			Don't stay out too long in the Sun ...		2	
c			Ultraviolet radiation is ionising		1	no extra ticks allowed
			<b>Total</b>		<b>6</b>	

Question		Expected Answers					Marks	Rationale
4	a	statement	Dr Round	Prof Price	neither	both	4	<p>each correct row = 1 mark</p> <p><b>ignore</b> any row with more than one indication of choice unless extra ones are clearly crossed out</p>
		Carbon dioxide ...		✓				
		Some data show the Earth ...	✓					
		... has never gone up at all.			✓			
		... has gone up at some time.				✓		
b		factor	outcome	correl- ation	caused		3	<p>each correct row = 1 mark</p>
		burning fuel	CO <sub>2</sub> increases	✓	✓			
		CO <sub>2</sub> in atmosphere	global warming	✓				
		industrial & agri dust	global warming	✓				
		Total				7		

Question			Expected Answers		Marks	Rationale
5	a	i	immune (1)		1	
		ii	white blood cells (1)		1	
	b	i	D (1)		1	
		ii			2	middle box in 2 <sup>nd</sup> column = 1 mark middle box in 3 <sup>rd</sup> column = 1 mark if either column has more than one box indicated, <b>ignore</b> that column
			Total		5	
6	a		bacteria <input checked="" type="checkbox"/> (1) fungi <input checked="" type="checkbox"/> <input type="checkbox"/>		1	both ticks correct and no extra tick = 1 mark
	b				3	C anywhere before A = 1 mark A anywhere before E = 1 mark E anywhere before D = 1 mark e.g. (B)DACE gets 1 for 'A before E'  if any letter is used twice, <b>ignore</b> it each time
			Total		4	

Question		Expected Answers			Marks	Rationale																		
7	a	... evaluate the methods used. <input checked="" type="checkbox"/> (1) <input type="checkbox"/>  ... evaluate the analysis of the results. <input checked="" type="checkbox"/> (1) <input type="checkbox"/> <input type="checkbox"/>			2	one mark for each correct tick if three ticks present, deduct one mark more than three ticks = 0 marks																		
	b	<table border="1"> <thead> <tr> <th>factor</th> <th>increase</th> <th>decrease</th> </tr> </thead> <tbody> <tr> <td>cigarette smoking</td> <td>✓</td> <td></td> </tr> <tr> <td>regular moderate exercise</td> <td></td> <td>✓</td> </tr> <tr> <td>poor diet</td> <td>✓</td> <td></td> </tr> <tr> <td>stress</td> <td>✓</td> <td></td> </tr> <tr> <td>excessive alcohol drinking</td> <td>✓</td> <td></td> </tr> </tbody> </table>			factor	increase	decrease	cigarette smoking	✓		regular moderate exercise		✓	poor diet	✓		stress	✓		excessive alcohol drinking	✓		3	all 5 rows correct = 3 marks 4 or 3 row correct = 2 marks 2 or 1 row correct = 1 mark  <b>ignore</b> any row with more than one tick
factor	increase	decrease																						
cigarette smoking	✓																							
regular moderate exercise		✓
